The present watch, numbered 096, was produced in a limited edition series of 100 pieces. Featuring an instantaneous 'jumping hour' mechanism housed in an oversized case, the Zeitwerk Phantom features a partially transparent dial, which subtly displays the numerals underneath. The firm designed this creative layout to allow the superluminova on the numerals to 'charge', before being displayed on the hour and minutes apertures.

The watch's skeletonized caseback allows the wearer to view the Lange Calibre L043.3 in action. The observer can view the jump hour powered by a constant force escapement. The Zeitwerk Phantom is truly a marvel to admire. Presented in excellent condition, this watch retains all its original accessories and is even accompanied by an additional platinum buckle.

Chopard has always supported charitable events and organisations and have manufactured many watches for the Only Watch project. The watch is also fitted with a special dial, making it truly unique. The palladium case really finishes the watch beautifully. Palladium is the least dense material of the platinum group of metals. Its density of 12.02 makes it lighter than gold or platinum. Chopard is one of the few remaining family-owned watch manufacturers since 1963. Chopard has always pioneered by using diverse materials and watchmaking skills, which truly sets it apart from many other watch manufacturers. This example was the first Chopard watch ever to be cased in palladium.

Audemars Piguet was the first company to fit the tourbillon system into a wristwatch with an ultra-thin case in 1986. To build on this success, Audemars Piguet has since presented many tourbillon models combined with other watch complications. The present Edward Piguet model is characterised by a unique rectangular curved case enhanced with art-deco inspired lines. It features a tourbillon mechanism visible through a glazed aperture on the engine-turned dial and ensures optimal precision and originality.

The Cartier 'Crash' watch was first released in late 1967. Legend says that Cartier employees found a Cartier *Baignoire* watch in the embers of a car crash. The watch case had melted into the shape of Salvador Dali's watch in *The Persistence of Memory*, which inspired the company to produce a similar watch, aptly named 'Crash'.

Cartier reissued a limited edition series in the 1990s to celebrate the iconic model. Examples fitted with pink diamonds, such as the present watch, are incredibly rare to come by and among the most exclusive of modern 'Crashes' today.

# The Patek Philippe Nautilus.

# 百達翡麗 Nautilus

This year marks the 40th anniversary of the Nautilus. The model is without a doubt, one of Patek Philippe's most iconic watch references ever produced. The very first reference, 3700/1, embodied every aspect of Patek Philippe's design philosophy, from the bold yet elegant curves, to the contrasting finishes of the case, and even the delicate grooves of the dial. The result was sublime. An ultimate collaboration between Philippe Stern and Gerald Genta, the Nautilus appearance was inspired by the robust proportions of maritime portholes.

It is hard to qualify the many ways in which the Nautilus has changed the horological world. Its influence extends far and wide, and has forever changed the way we view a 'sports watch'. At the time of production, reference 3700/1 retailed for \$3100 USD, which was considered a high sum. Today, the Nautilus has become a true collector's item, becoming increasingly valuable over the years.

We are incredibly pleased and humbled to present a range of Nautilus wristwatches, which embody the variety and strength of the iconic model. From those cased in the noblest of metals, to others equipped with horological complications, there is something for everyone in the coming pages.

Nautilus系列無疑是百達翡麗最具代表性的知名型號之一，靈感來自於船艦舷窗。該系列第一個型號3700/1，顛覆了百達翡麗的傳統設計哲學，由大膽與優雅的創新線條、錶殼設計，到條紋錶盤，Gerald Genta的鬼才創意為雙方的合作帶來了巨大的成功。

多年來的潛移默化之中，Nautilus對鐘錶界帶來無與倫比的影響，甚至改變了大眾對運動錶的看法。面世之初，一只Nautilus型號3700/1的售價為3100美金，這在當時亦不是筆小數目。時至今日，古董Nautilus不僅是不少鐘錶藏家的希望清單之一，其本身的價值也一路水漲船高。

今年是百達翡麗Nautilus系列的第四十周年，富藝斯非常高興帶來下面一系列Nautilus腕錶，透過各種不同的珍貴型號，與錶迷一同重溫且分享重要時刻。

The present reference 3700/1 in stainless steel, the Jumbo Nautilus, is one of the very first models of the Nautilus collection. During this period, luxury sports watches were usually produced in gold, hence reference 3700/1 in steel was a true anomaly in the watchmaking community. In production from 1976 until 1987 in steel, the reference was distinguished by its generous case proportions. The reference houses a calibre 28-255 C based on a LeCoultre ébauche and it was the best ultra-flat automatic movement for the period of its production. Further highlighting the reference, the cases were manufactured by Favre-Perret and the dials were hand made by Stern Frères. It is estimated that only around 3600 examples were produced, making this present watch exceedingly sought-after today.

The present reference 5711 belongs to an elite production line and it is believed that only 30 pieces were ever manufactured. There are some subtle differences that one must look closely in order to discover why the present watch is so different. The first of those differences is the blue jeans colour of the dial. The second is the diamond at 6 o'clock and thirdly, the metal has a different appearance and is a lot more shiny and white. The present watch is extremely heavy and is rendered entirely in the most noble of metals, platinum. This is the second time an all platinum Nautilus has appeared on the market. Further highlighting the exclusivity of this Nautilus bracelet watch is that it is in brand new condition and retains all original accessories.

The present watch is fitted with the rarest variant of ‘Stella’ dial and is known by the market as dégradé or vignette dial, which is a word used by photographers to describe an image which is clear at the centre while fading off at the edges. Finished with gold graphics and enhanced with diamond-set numerals, this dégradé blue ‘Stella’ dial provides a stunning look and is an appealing example.

In fact, it was Patek Philippe's first automatic chronograph ever produced. The reference was first launched in platinum with a grey dial. Patek Philippe later released variants in pink gold, white gold and stainless steel. The original version, such as the present watch, remains popular as it marks a historic moment in Patek Philippe's history. The stainless steel version of reference 5960 was introduced in 2014 and the manufacture subsequently ceased production of all precious metals.

Reference 3940 features a solid case back whereas reference 3941 is fitted with a glazed display back. These glazed display backs are not numbered and Patek Philippe applied the case numbers inside the case underneath the bezel. In response to the increasing demand on both case backs, Patek Philippe later produced the model with both case back options. Production of reference 3941 was ceased in 1990 as there was no longer a difference between the two models.

### Literature

For another yellow gold reference 5004, please see *Patek Philippe Geneve* by Alan Banbery and Martin Huber, page 312.

Reference 5004 was a true revolution when it was introduced as for the first time it offers a split seconds function in addition to the perpetual calendar and chronograph complication. Manufactured in yellow gold, pink gold, white gold, steel and platinum, the watch is now discontinued. The reference combines perfectly Patek Philippe's signature design, highest level of complications and uncompromised approach to quality. Presented in very original condition, this yellow gold example comes complete with original certificate and accessories.

# Patek Philippe Rare Handcrafts.

## 百達翡麗 傳統人手雕刻工藝

The art of engraving requires extreme precision and finesse. To bring an engraving to life, the artist first sketches his vision on thin paper, then delicately carves the contours and lines on precious metal using a burin. At the same time, he or she carefully balances and rotates the object to ensure the engraving is done perfectly. While spirals and scrolls are usually the artisan's pattern of choice, leaves and flowers are also popular motifs.

Engravings first appeared in the 18th century. The technique is slowly dwindling today, due to the level of skill required to produce such masterpieces. As a patron of the arts, Patek Philippe has concentrated its energy in sourcing and nurturing the very best talent today, keeping the trade alive.

The following watches all feature the stunning and painstaking work of Patek Philippe's engravers. It is remarkable how the light reflects off the chase work, merging sophistication with craft in these timepieces.

人手雕刻藝術要求的精確度極為嚴格，為求線條生動靈活，工匠會先在薄紙上繪製草圖，然後在貴金屬上一絲不苟地以刻刀雕出輪廓和線條。工匠轉動錶殼進行雕刻的同時，一方面亦要注意整體平衡，以確保完成品的完美精準。螺旋形和渦捲形是一般常見的圖樣，葉片和花紋的圖案也非常受歡迎。

人手雕刻藝術發源於十八世紀，因為極難維持傳統工藝所要求的嚴格標準，時至今日已經逐漸凋零。為保護這項傳統技術，百達翡麗專注致力於人才培養和人手雕刻工藝的永世傳承。

富藝斯十分榮幸為藏家帶來以下兩枚複雜美麗的作品，完美地呈現百達翡麗傳統人手雕刻工藝的超高難度和極致美學。

The Patek Philippe's reference 5101 is most commonly cased in platinum with a salmon dial. First introduced in 2003, the reference was a very big success. Its large stepped case and subtle tourbillon designation was incredibly unusual. Indeed, the watch at first glance appears to be a large rectangular watch. However, at further glance, the tourbillon carriage behind the dial is subtly rotating on its axis.

In later years, Patek introduced pink gold, yellow gold and white gold examples to compliment the 10 days Tourbillon's production. The present watch is part of Patek Philippe's rare handcrafts series that specializes in such case designs and enamel work. Due to the very large stepped case, the engraving is magnificent and truly transforms this watch into something unique and very captivating.

# Patek Philippe The Skymoon Tourbillon.

## 百達翡麗 星空陀飛輪天文腕錶

Phillips in association with Bacs and Russo is delighted to present to the market one of the world's most important wristwatches.

The Skymoon Tourbillon was first developed and manufactured by Patek Philippe in 2001, where much of the development and technology for the reference was inspired by the Star Calibre 2000. The watch is composed of 686 parts and 12 horological complications, making it one of the greatest and important models ever created by Patek Philippe.

Since the introduction of the Skymoon Tourbillon in 2001, there has been less than 10 examples offered on the market in over fifteen years of watch auctions around the globe. This extremely small number indicates that Patek Philippe had an exceedingly small production run for the Skymoon Tourbillon.

The present watch is factory sealed and has never been used nor worn. What further sets this watch apart from the others, is that it was made in the very last year of production.

Phillips is delighted to have the opportunity to share this horological masterpiece with you.

富藝斯聯同Bacs and Russo非常榮幸呈獻，百達翡麗星空陀飛輪天文腕錶，型號5002，此錶被收藏家公認為鐘錶史上最重要的頂級複雜腕錶之一。型號5002的製作靈感源於頂級複雜星空懷錶Star Calibre 2000，由686個零件組成，備有12項複雜功能，自2001年推出以來廣受錶迷推崇，為百達翡麗品牌最重要亦是最具代表性的型號之一。

2011年，百達翡麗宣佈星空陀飛輪天文腕錶，型號5002正式停產，面世至今的15年內，全球拍賣市場現身不超過10次，由此可推斷此型號只生產了極少的數量。本拍品是全新未使用過的原廠單封品，生產年份為2011年。富藝斯十分感謝藏家支持，為各界錶迷呈獻這枚卓越經典的重要腕錶。

Patek Philippe's reference 5070 was first released in 1998. At the time of production, the watch was highly unusual, and immediately distinguished by its large 42 mm case size. The movement was based on a Lemania ébauche. Reference 5070 was the very last chronograph wristwatch to house a non in-house movement. Its successor, the 5170, houses a movement that is entirely made in-house by Patek Philippe.

The present watch is exceedingly rare as the dial is furthermore signed by Tiffany & Co. The present watch is the second 'double signed' 5070 example known to ever appear on the market.

Reference 3971, featuring a sapphire case back, was launched in 1986 alongside its sibling reference 3970. Early examples of reference 3971 featured sapphire snap on backs, rather than the traditional screw down case back.

This particular example is in excellent condition, with strong fluting to the lugs and the Patek Philippe case maker stamp, number 28 in the key Poinçon de Maître, punched to the side of the lug. This case maker mark, punched to the lug, is a defining feature of the rare reference. Most exceptional is the presence of the original certificate and case back, further enhancing the present watch and its desirability.

# Patek Philippe Titanium Reference 6000.

## 百達翡麗 鈦材質腕錶型號6000

Presented to Children Action in 2007, the organization that raises money for child support throughout Southern American, Europe and South East Asia, Patek Philippe curated this one-off titanium reference 6000.

It was back in 1980 that the first titanium wristwatch was launched and today, titanium is arguably one of the most sought after and trendy materials in watchmaking, due to its incredibly durable, light and corrosive-resistant quality. It is virtually unheard of to find a Patek Philippe cased in titanium. Including the current lot, there are 10 Patek Philippe titanium watches that have been offered on the market.

This present titanium reference 6000 is extraordinary light and looks incredibly futuristic and sophisticated on the wrist. The reference has been completely transformed with a different dial configuration and grey centre finishing, which includes the subsidiary seconds.

Consigned by an important collector, the watch is in pristine state of preservation and is complete with all accessories.

2007年，百達翡麗為支持Children Action慈善拍賣，特別製作並捐出一款獨一無二的鈦材質腕錶型號6000，為歐洲、南美及東南亞的兒童籌募善款。

自第一枚鈦材質腕錶於1980年面世後，因其特性輕盈耐用，鈦金屬可以說是最熱門且最時尚的製錶元素之一。但百達翡麗極少生產鈦材質腕錶，根據現有資料，只有約十枚百達翡麗鈦材質腕錶曾出現過拍賣市場。

這枚百達翡麗鈦材質腕錶，型號6000，外觀極具洗練的未來感且質地十分輕盈，錶盤亦特地設計成灰色小三針款式，與鈦材質錶殼連成一體成色。整體品相如新，並附有全套原裝配件。

For another example of a reference ST105012, please see *The Master of Omega Speedmaster, Flightmaster, Speedsonic* by Alberto Isnardi, pages 32 and 33.

The Speedmaster, initially introduced in 1957, was upgraded with a new case design in 1963. The present reference ST105.012 is fitted with a more robust asymmetric case and ‘lyre’ horns. The dial would also feature ‘Professional’ for the first time.

With Omega fitted presentation box  
and outer packaging.

Having enjoyed a variety of dial, bezel, hand and bracelet variations, the Speedmaster is Omega's most important model to date. Its history spans almost sixty years since its launch in 1957. The very first Speedmaster, reference 2915, is immediately recognizable, in part, to its 'Broad Arrow' hands. At the time, the tachometer bezel was also a rarity as most tachometers were printed directly on the dial.

The present reference, ST 105.003, is the third reincarnation of the Speedmaster. The model replaced the 2998 in 1963, remaining in production for roughly three years. Reference ST 105.003.65 is the last Speedmasters to feature straight lugs. Its successors featured "lyre" style twisted lugs.

This watch is presented in excellent condition. The dial is preserved wonderfully, and the luminous is a warm orange tone. The crystal furthermore features the Omega symbol to the center, attesting to its original condition.

### 1015. Longines

A rare and large stainless steel wristwatch with sweep centre seconds

浪琴，罕有，不銹鋼腕錶，配中心秒針，約1949年製

<b>Signed</b>	Case, dial and movement signed

**Estimate**  
 HKD 24,000-40,000  
 USD 3,000-5,000

This oversized Longines is extremely unusual for the period and boasts an incredible case. The dial has been preserved in excellent condition, especially when one takes into account the watch has been housed with a snap-on case back. The 37 mm. case provides a very contemporary size, and the dial looks very modern with its Arabic numerals and outer seconds scale.

Research concludes that the present watch was sold on 22 January 1949 to the Ostersetzer, which was at that time Longines' agent in Italy.

One of the most eccentric Omega designs from the 1970s, the present lot is very unusual and has been given the nickname ‘The Bullhead’. What further distinguishes ‘The Bullhead’ is the unusual arrangement of the chronograph pushers at the top of the case, hence the name ‘Bullhead’. Having the chronograph button positioned here, adds more ease of accessibility when the user’s hand is on the steering wheel of a car. The substantial asymmetrical case combined with its colourful dial make this design immediately recognizable, making this present watch one of the rarest and most collectible chronographs made by Omega.

While some may discuss the Heuer Carrera in conversation with the Rolex Daytona (the Singer dial and Valjoux movement usually being the topic of choice), the Heuer Carrera is an incredible watch in its own right. The name originates from the “Carrera Panamericana”, a highly dangerous and thrilling car race which takes place in Mexico. At the time of inception, Jack Heuer’s main goal was to create absolute legibility when timing car races.

The present watch, playfully dubbed ‘reverse panda’ due to its black dial and white registers, features the rare tachymeter ring to the dial. The reference is thus 2447 NST. The watch is furthermore accompanied with a rice grain *Gay Frères Heuer* bracelet, stamped for the third quarter of 1969.

This wonderful, almost untouched, single-pusher chronograph from the late 1930s is remarkable for a number of reasons. Firstly, the case size is incredibly rare, as watches during the 1930s and 1940s were of a much smaller size. Secondly, the case has been preserved in excellent condition, with a sharp milled finish to the case and sharp edges. In fact, the watch must have been worn a few times only. Thirdly, and most importantly, the dial has been kept in pristine condition. The multi scale enamel dial is free of any restoration or cracks, attesting to its superb condition.

Vacheron Constantin launched one of its most famous chronograph models, reference 4072, in 1938. Coincidentally, the reference was produced the very year that Vacheron Constantin first started manufacturing serially numbered models. In production for nearly thirty years, the reference was cased in yellow gold, pink gold, along with steel and various gold combinations. The reference underwent three changes to its caliber, from the 295, to 434 and finally 492. The present watch is thus part of the second generation of this reference.

This wonderful yellow gold chronograph wristwatch features a shimmering champagne dial, that catches beautifully in the light. The dial has been preserved in excellent condition, and the watch furthermore retains a hallmark to the band.

First launched in the 1950s, Type XX wristwatches were issued for French military personnel, whom requested certain parameters for their special orders. At the time, the most important specification was the flyback, or "retour-en-vol", function. Instead of having to stop, then reset the chronograph, the wearer could simply reset the chronograph hand while the mechanism was running. While the watches were originally fitted with a non-signed dial, Breguet manufactured 'Type XX' watches throughout the 1970s, where the dial eventually bore 'Breguet'. The present watch is retained in very fine original condition.

Patented in 1916, Officine Panerai's Radiomir technology allowed for many strides in the military industry. The radium based compound, when applied to the dial, allowed the viewer to tell the time in any

weather condition by glowing in the dark. Panerai produced its first Radiomir prototype in 1936.

Some say that reference 3646 is the 'holy grail' reference of Panerai watches. While reference 3646 may not be the very first Radiomir model to be produced, the Italian Navy and their combat swimmers mostly used this reference in their line of work. Our research suggests that Panerai only produced 600 examples of this reference. The large dial and self-luminous hands allowed soldiers to clearly read their watch under any weather condition.

The case number was assigned by Rolex, who also supplied the movement and provided parts to Panerai at that time.

This reference 3646 is a watch with enormous character and is in very appealing, crisp original condition.

From the early 1930s and onwards for another twenty odd years, Rolex produced automatic wristwatches that were playfully dubbed 'bubble backs', due to the convex case back used to house the automatic movement.

The present watch is a very unusual variant of the 'bubble back' due to the straight lugs and scroll work to the band and side of the lugs. The dial furthermore still retains its glossy black lacquer, and the gilt graphics are legible and eye catching. The case is preserved in excellent condition, with the case number still very clearly engraved on the case back. The slightest polishing would immediately remove these numbers, attesting to the original condition of the watch.

The Rolex Submariner reference 6536-1 was in production from 1955 to 1959 and the present watch was from the last year of production.

The present -1 reference differs from the reference 6536 due to its thinner case. Consigned by a private collector, the present watch is a gorgeous example of a 6536-1. Its depth rating is printed in silver with meters first followed by feet and is positioned with its ‘Submariner’ signature printed higher above 6 o’clock towards the centre, which gives the dial a terrific balance. Overall, this Rolex Submariner is very charismatic and looks exceptional on the wrist.

Explorer watches were produced to withstand the perils of alpine expeditions and the elements. The present model is a crossover between the 'Air King' and 'Explorer' models, evidenced by the infamous '3-6-9' numerals. Reference 5500 was fitted with either a 'Precision' or 'Super Precision' dial, unlike reference 1016 and 6610, which featured a 'Superlative Chronometer Officially Certified' dial. There has been debate as to whether the 'Air King Explorer' was ever produced.

The present watch features a wonderful matte dial that features luminous which has aged to a wonderful orange tone. The case still displays original proportions, and the bracelet with very little stretching. The watch is furthermore accompanied by its original bill of sale from Belfast, supporting the hypothesis that these watches were made for the UK market.

Rolex first started experimenting with 'explorer' dials in 1953, coincidentally coinciding with Sir Edmund Hillary and Tenzing Norgay's conquering of Mount Everest. While reference 6350 was the first model to officially bear 'Explorer' on the dial, Rolex also printed '3-6-9' dials on large bubble backs such as reference 6150, which were marked 'Precision'.

The present watch was manufactured the very year that the Explorer watch was introduced. Still featuring a beautiful glossy lacquer dial with gilt graphics and chapter ring, the dial has also developed a thin layer of patina, really giving the watch a lot of character. The present watch still retains its original bracelet, stamped for the fourth quarter of 1952.

The present watch manufactured in 1963, is fitted with the correct black lacquer 'Swiss' dial with an underline just below the 'Perpetual' signature. Around 1963 to 1964, Rolex watches appeared to feature an 'underline' to the dial. Why scholars hypothesize that this indicates the use of tritium rather and radium, there has been no confirmation on the meaning of this variation. The present watch is also fitted with the correct Oyster bracelet, also stamped for 1963, and pointed crown guards.

Preserved in very appealing and original condition, this reference with all the accompanying attributes is highly collectible today.

For another example of an early reference 1675, please see *100 Superlative Rolex Watches* by John Goldberger, page 193.

The present watch is an early example of the reference 1675, and is very special for a number of reasons. Firstly, the watch features an exceptional case. The pointed crown guards, lovingly dubbed ‘El Cornino’ by Rolex enthusiasts, still retain their edges. The bevels are also still very sharp.

Secondly, this watch features a glossy lacquer dial with gilt graphics, which is among the most collectable within the 1675 family.

Thirdly, the watch retains its small tipped 24 hour hand. Finally, the numerals and hands have aged evenly to a beautiful cream color, and the bezel has faded to a light blue and orange tone. The bezel really gives this watch a lot of character and presence on the wrist.

This GMT-Master is a very original and charismatic example. Not only that it retains its original guarantee, the case is very crisp with sharp beveled edges, easily seen with the naked eye. The dial is very attractive and the numerals and hands have aged consistently together and now exhibits a very warm and inviting orange tone.

For another example of double red Seadweller, please see *100 Superlative Rolex Watches* by John Goldberger, page 190.

The present double red Seadweller is a highly charismatic example. The luminous dots and hands have aged to a beautiful ivory tone. The case of the present lot is known as the thin case as later generations were fitted with a larger, fatter case. It is interesting to note that the 2.9 million serial number would indicate a date of manufactured in 1971, however, on the inside of the case back, the watch is stamped for 1967. It is well known on the market that many of these early Seadwellers were fitted with case back in stock because a number of pieces are known with a similar serial number and a back from 1967. Consigned by an important private collector, this watch is a beautiful example.

For another example of a Red Submariner however without mk 1 dial, please see  
*100 Superlative Rolex Watches* by John Goldberger, page 188.

Launched in 1967, reference 1680 was the first Submariner model to be fitted with a date function. Throughout its production run, reference 1680 was released in various batches, each with its distinctive dial and bezel attributes.

The present watch is among the first examples produced. It is fitted with a rare mk 1 dial, evidenced by the 'meters first' depth rating and 'closed' sixes. The serial number also supports this hypothesis, and matches the dial configuration. The dial has remained black over time, which is correct for mk 1 dials. Statistics show that only mk 2 Red Submariner dials 'turn' a tropical brown shade. Mk 1 dials are considered the rarest, and earliest, models in the 1680 family.

According to our research, only 1.6% of the entire production run feature the mk 1 dial. The luminous has furthermore aged to a warm orange tone, which is consistent with the hands. This aging process gives the watch so much character, displaying the rich history of the time piece. The clasp is stamped for the fourth quarter of 1969, leading us to believe the bracelet is original to the watch.

Instead of the typical depth rating and Submariner markings, the dial features the Panama Canal logo above 6 o'clock. The watch was made in a limited edition series of 75 pieces, with the present watch numbered 53/75 to the case back. The watch, most surprisingly, still retains its original Rolex factory sticker to the case back and is preserved in very original condition. Rarer still, the current model is cased in both yellow gold and stainless steel. Most examples were produced with in stainless steel only, rendering the present watch incredibly rare and valuable.

Consigned by an important private collector, this Day-Date is incredibly crisp and original. The champagne dial is exceptional, the fluted bezel is incredibly crisp and the bracelet is unpolished and in lovely condition. Rolex, when customizing watches, will also repeat the serial number on the inside case back. The last three digits of the case number repeated on the inside of the case back are different to the numbers at 6 o'clock. It is likely that Rolex made a honest mistake and fitted a wrong back to this watch. The inside of the case back is also stamped with English hallmarks and the bracelet clasp also features these English hallmarks, confirming the Kanjar dial. Scholars and the market agree that the majority of these Rolex watches intended for Oman were sold via retailers in England.

The DateJust was first introduced in the mid-1940s and is still in production over 60 years later. The Datejust has evolved alongside the trends of when it was being manufactured.

The present watch is a rare variant and is fitted with a rare linen dial and pink graphics to match its 18k pink gold case and bracelet. The watch is further presented in very original and attractive condition.

**Literature**  
For another example of a reference 6238, please see *I Chronografi Rolex La Leggenda* by Pucci Papaleo, page 286 and 287.

This reference 6238 is remarkable for a number of reasons. Firstly, the dial has aged over time and ‘turned’ a light blue colour. This is due to the paint pigments reacting with the elements. A very limited number of Pre-Daytonas ‘turn’ blue, making this example very rare. Secondly, there is an underline underneath the Oyster Cosmograph signature, which Rolex collectors identify as a transitional period from 1963 to 1964, where Rolex switched from using radium to tritium. This dial is signed Swiss, which is correct.

The bracelet is furthermore stamped for the fourth quarter of 1963, confirming the bracelet is original to the watch. The luminous on this example has faded evenly to a warm orange colour which matches the hands, further adding to the appeal of this watch. Overall, an exceptionally rare and crisp example.

This reference 6263 is a very appealing and well preserved example. It is fitted with an extraordinary dial that embodies its distinctive mark of originality. The most important and eye-catching feature is the absence of the ‘Cosmograph’ writing underneath the signature. This dial is known as the ‘Solo’.

Preserved in excellent condition with original pushers, the present watch carries a 2.9 million serial number, which would indicate manufactured in 1971. Scholars and the market agree that ‘Solo’ dials are usually found on chronographs with a 1.2 to 1.8 million serial number. It is entirely possible that the present watch left the Rolex factory in this way due to the relatively small serial number difference.

The Rolex Daytona reference 6262 was made only for a handful of years from the late 1960s up until 1972. The reference was fitted with new calibre 727, which improved the accuracy, increasing the vibration per hour from 18,000 to 21,600. In addition to the rarity of this reference, the present Daytona is further highlighted by the now blue faded Daytona signature. A defect in the pigment has turned the signature, which was originally in white, to an attractive and subtle light blue shade.

The watch is further enhanced with its attractive overall condition, freshness to the market and being consigned by the original owner.

Reference 6265 was introduced to the market in 1969, and ceased production in 1987. Compared to its predecessors such as reference 6239 or 6241, the model featured screw down pushers, and thus carried the 'Oyster' designation on the dial. The movement was also upgraded from a Valjoux 722 movement, to the more reliable Valjoux 727 movement.

Among reference 6265's variants, the 'Big Red' dial configuration is very popular among collectors due to its eye-catching appearance. The name is derived from the red 'Daytona' signature, which is larger in size compared to most examples.

# The Independents.

## 當代獨立製錶大師

The term ‘independent’ is one who is free from outside control and not subject to another’s authority. An independent watchmaker must have the skills, know-how and capacity to work alone with an extremely small team to qualify. An independent watchmaker must have the desire and drive to use their skills and rely only on their creative minds rather than a board of directors, shareholders or their clients.

The following lots pay tribute to the independent watchmaker, who has propelled and captivated the watchmaking community with their talents, drive to succeed and the genius behind their creations. Many of the watches in this section have never been seen on the market before and illustrate the independent maker better than any other. The depth of creativity, hard work and dedication of excellence is near impossible to beat.

Phillips in association with Bacs and Russo is delighted to have been able to discover, research and learn from these masters of independent watchmaking.

Introduced in 1999, the Tourbillon Souverain is the first tourbillon wristwatch in the collection enriched with dead beat seconds and remontoir, which provides a constant force to the balance and hence maintaining a more accurate read of precise time. The dead beat seconds mechanism allows the hands to move in steps from one second to another, which helps increasing the precision and accuracy.

This present watch is endowed with the aesthetic characteristics and technical demands inherent to creations by F.P. Journe, giving the watch a highly sought-after status.

# Philippe Dufour.

The name Philippe Dufour is synonymous with elegance, tradition and innovation. Having graduated from the Ecole d'Horlogerie in the Vallée de Joux, Dufour honed his craft at Jaeger LeCoultre and Audmars Piguet before striking out on his own, restoring vintage pieces. Dufour famously stated that working with vintage masterpieces inspired him to create his own pieces. In 1992, he introduced the Grande and Petite Sonnerie Minute Repeating wristwatch at Basel. It was the first time such a complex wristwatch had ever appeared on the market, and was an instant success.

Following the success of the Grande and Petite Sonnerie Minute Repeating wristwatch, Dufour introduced the Simplicity in the year 2000. Inspired by the traditional watchmaking methods in the Vallée de Joux, the Simplicity is entirely crafted and assembled under one roof. The name 'Simplicity' is a bit of a misnomer, since the watch is anything but. With beautiful hand engraved bridges and polished curvatures on the case, the Simplicity is the result of Dufour's search for perfection. Dufour only created 200 examples. Its rarity, couple with elegant looks, has propelled the watch to 'grail' status today.

We are delighted to offer two Simplicities today, which provide an insight to the breadth and range of the model. The first is cased in pink gold with a 37 millimeter case, and contrasts wonderfully with the following watch, its 34 millimeter sibling cased in white gold.

We are incredibly thrilled to offer, for the first time in auction history, two Simplicities that are completely fresh to the market for watch collectors and scholars today.

Philippe Dufour畢業於瑞士汝拉山谷的製錶學校 (Ecole d'Horlogerie)，曾在積家和愛彼錶廠負責修復古董鐘錶。藉由汲取修復古董鐘錶上的寶貴經驗，他成立自家品牌並開始製作腕錶，自1992年巴塞爾錶展上發表大小自鳴三問手錶後，Philippe Dufour開始揚名於世，成為新一代傳統、優雅、創新的代名詞。

大小自鳴三問手錶受到舉世注目後，2000年推出的Simplicity系列腕錶更獲得了前所未有的巨大成功。有別於”Simplicity”字面上的意思，其實這是一只最不簡單的手錶。Simplicity完全遵照汝拉山谷傳統錶匠的製錶工序，由設計、組件到打磨全由一人手工獨立製作，從美麗的人手雕刻機芯到細緻流暢的拋光角度，無處不見Philippe Dufour所追求的簡約與完美細緻。限量200枚的Simplicity極難遇上，無疑已經成為市場上一錶難求的傳奇系列。

富藝斯本季為各界藏家精心蒐羅兩枚Simplicity，分別是37毫米口徑的紅金款式，和34毫米口徑的白金款式，拍賣市場首見兩枚珍罕的Simplicity同時出現，一眾錶迷不容錯過！

Fitted with a lacquer dial, the present watch features Roman numerals, which contrast wonderfully against the white background. Dufour notably chose to use lacquer instead of enamel, as the latter dial would require a thicker case. The present fresh-to-the-market watch has been lovingly preserved by its original owner. It is among the very first Simplicités made, having been completed in 2002. It was bought by the owner sight unseen, attesting to the trust which Dufour's clients bestowed upon him. The balance cock is subtly engraved 'PD' for Philippe Dufour, a nice and unusual touch which is only found on a handful of Simplicity wristwatches.

# Roger Smith.

Roger W Smith was born in Bolton, England in 1970 and upon reaching the age of 16 his father suggested enrolling on a course at the local Manchester School of Horology. Subsequently, he passed out top of his class, winning the British Horological Institute's Bronze medal awarded for the highest overall mark of the year. During his time on the course, one of the 'guest visits' was in 1987 by Dr. George Daniels where he showed his iconic Space Traveller pocket-watch. And in Rogers words "Suddenly, my life's purpose was crystal clear - though its path was less defined"

He then embarked on a seven-year quest to master 'The Daniels Method' learning all 32 trades of the British watchmaker to become worthy of collaborating with the great master himself.

It was in 1997 that Roger visited Dr. George Daniels with a pocket watch that he had created entirely by following instructions from Daniels' book 'Watchmaking', and for the first time, George found a student of high enough promise to take on as an apprentice. It would be one that led to a great friendship and partnership and we would be bold to say a legacy was formed.

Dr. Daniels asked Roger to assist him with production of a new series of wristwatches, called 'The Millennium' series. Launched in 1998 to celebrate the acceptance of the Daniels

Co-axial escapement by the Swiss watch industry, Daniels and Smith worked together for over three years creating the Millennium series and, following the huge success, Roger finally opened his own studio making watches under his own name, R.W.Smith.

This Series 2, Edition 3 No.3 here is and exceptionally rare watch but its genesis was, somewhat ironically, an attempt to produce a watch in higher numbers. In 2010 Roger decided to explore the idea of producing Edition 1, 2 and 3 versions of his Series 2 watch. The plan was to produce 30 watches of each edition, offering yellow gold, red gold and white gold finishes such as this one, each with a standard dial. This standardisation would allow them to remain uncompromising in using the Daniels Method of handcrafting the watches, while at the same time enabling them to produce several more watches.

Only 5 of these white gold Series 2 Edition 3 pieces were ever made and, once they introduced their later 40 mm. cases, any notion of this model ever being made again was consigned to history.

With a production of approximately 10 watches per year produced by Roger Smith and a current waiting list, this is a rare opportunity for the passionate collector to own and enjoy wearing a truly hand made masterpiece.

Roger Smith當代知名的獨立製錶師，生於1970年英國北部曼徹斯特Bolton地區，年輕時已才華畢露，16歲依父親安排入讀當地著名製錶學府-Manchester School of Horology，以優異成績畢業，並獲得英國製錶學院年度最佳成就銅牌獎。1987年的一次探訪，遇到製錶大師Dr. George Daniel，並欣賞了大師的經典作品Space Traveller懷錶，自此深受 George Daniel的影響，確立了人生目標和事業方向。

為與頂尖製錶師合作，Roger Smith共花了七年時間鑽研George Daniel 方式，學習32種英國式製錶工藝。1997年Roger帶著自己製作的懷錶拜訪 George Daniel，表示是依照Daniel所著的「Watchmaking」而製，他的才華，令George Daniel大為欣賞，收他為徒，奠定了日後合作的基礎。

1998年為慶祝瑞士製錶業認同George Daniel研發的同軸擒縱系統，George Daniel聯同Roger合作生產一系列手錶，名為”The Millenium”系列。此系列手錶銷售非常成功，三年後Roger成立自家工作室，以R.W.Smith製作手錶推出市場。

本拍品編號3，是第二系列的第3版，非常罕有。原計劃大量生產，及後改變以分系列推出，第二系列分為1,2,3版，只生產30枚，每版分別以黃金、紅金、白金的標準錶盤，貫徹Daniel方式手工製作，以達到Daniel嚴謹的製作水準和增加產量。

此第二系列第3版只生產5枚，自從40mm推出後，此型號和規格已不再生產，市場流轉極少，因此極為罕有。Roger Smith每年只生產手錶約10枚，由於需求殷切，現正依據輪候名單，需時安排付貨。因此，為喜愛真正全人手製作的手錶藏家們，不容錯過此罕有機會。

# MB & F.

Founded in 2005, Maximilian Büsser and Friends (MB&F) represents a collaborative effort between artisans, artists and professionals who collectively design rare and unique horological masterpieces. Maximilian Büsser seeks to harness the creative, imaginative and uninhibited energy of children. His mantra is: "A creative adult is a child who survived".

Building upon the success of his Opus series, Büsser has forever changed the way we perceive watchmaking. Timepieces are no longer designed and manufactured by one firm. By eschewing the concept of "in-house", MB&F nurtures the best and different talents in the watchmaking industry, creating one-of-a-kind pieces of art.

MB&F's Horological Machine line is inspired by fantastical memories, evoking the images and feelings one experiences as a child. The result: machines that tell time, cased in the most unconventional materials such as titanium and ceramic, and sculpted in innovative and futuristic ways. While each machine represents a different "theme", such as a car dashboard or frog, all examples undergo the most rigorous standards in quality.

MB & F由Maximilian Busser & Friends於2005年成立，品牌代表著精湛工匠的手工藝和嶄新創意的藝術家設計，攜手合作的成果，生產獨特傑出的時計作品。品牌宗旨及理念來自創意，大膽設計，並要像孩童一樣富於想像力，要無拘無束的保留童真。

Opus系列的成功，使Busser察覺到要改變製錶路向，打破傳統由單一公司設計和製造的限制，要屏除”In House”的製作模式。MB&F積極培養不同範疇的優秀人材；結論是：機件本體提供報時特質，而外觀設計則可不依循守舊，可以大膽選用不同素材，天馬行空的及充滿科幻的，使每枚手錶都代表著獨特的個性，效果要令人驚艷，並要求所有產品除悅目創意外，亦兼備質量和嚴格的標準。

# Greubel Forsey.

Known as the ‘Kings of Tourbillon’, Greubel Forsey first launched at Basel in 2004. The brainchild of Robert Greubel and Stephen Forsey, the manufacture develops the most unique and pioneering tourbillons in the world. Greubel Forsey’s very first invention, the Double Tourbillon 30°, immediately captured the attention of collectors, and put the duo in the spotlight.

Today, with multiple patents under their belt, the manufacture continues to innovate and push the boundaries of watchmaking. The manufacture most recently released the Double Tourbillon 30° Technique, cased in sapphire. The openwork proudly displays the multi axis escapement mechanism for the viewer’s pleasure.

We are pleased to present two members of the Greubel Forsey tourbillon family, both of which pay homage to Greubel Forsey’s unique ‘Tourbillon’ technique.

Greubel Forsey’s Invention Piece 1 pays homage to the firm’s invention that revolutionized the watchmaking industry: the Double Tourbillon 30°. First released in 2004, the Double Tourbillon 30°

features a 30° inclined tourbillon cage. The Double Tourbillon 30° underwent more than 4 years of research and development before it was introduced to the market. The mechanism features a tourbillon within a tourbillon, which permanently compensates the rate of gravity related errors. The double tourbillon is inclined at 30° and is furthermore a patented tourbillon system. The inner carriage rotates once every 60 seconds and the exterior tourbillon carriage turns in a 4 minute period.

The appearance of ‘Invention Piece 1’ is very unusual, even for Greubel Forsey, who is known for creating the most cutting edge designs. Separate triangular hands indicate the time, with the hours and minutes displayed on two different semicircles. The dial furthermore features a power reserve indication at 2 o’clock, with the the watch’s special production number displayed below.

This masterpiece is furthermore finished with frosted bridges, attesting to the level of care the watchmaker has placed in creating every aspect of the watch.

The Invention Pieces series was produced in three unique editions. Each edition was cased in either white gold, pink gold or platinum, and all were produced in 11 examples.

The Greubel Forsey Double Tourbillon 30° was introduced to the market in 2004 after four years of research and development. This revolutionised timepiece features a patented tourbillon system, which a tourbillon is set within another tourbillon. The exterior tourbillon is inclined at 30° and rotates in 60 seconds and the inner tourbillon carriage rotates every four minutes. This ground-breaking invention permanently compensates the rate of gravity-induced errors in the escapement and oscillator system. The 30° inclination ensures a better chronometric performance while maintaining an acceptable depth to the watch. The anthracite dial displays a glazed aperture that reveals the technical marvel of this innovative complication in motion.

Offered in excellent overall condition and complete with original certificate and fitted presentation box, this present watch represents a milestone in the manufacture of tourbillon wristwatches.

# 海瑞溫斯頓 匠心系列 Opus 4

Harry Winston ventured into the high-end watchmaking market in 1998 when they appointed the brilliant Maximilian Büsser to become managing director of Harry Winston rare timepieces.

Patek Philippe are very well known for manufacturing various styles of clocks in all shapes and sizes. The most popular is arguably the cloisonné enamel dome clock, however, rectangular clocks with solar panels are becoming more and more trendy. This particular example is an early clock with pocket watch movement from 1961. The panels are all simulated with wood, giving the clock a very rustic and particular look. Retained in extremely well preserved condition, this clock appeals to all levels of collectors.

For a similar watch with jump hour hand and quarter repeating mechanism, please see *The Art of Breguet* by George Daniels, page 243.

This Breguet pocket watch numbered 3795 was sold to Prince Belosselsky on 11 January 1823 for 2,200 Swiss Francs. The Prince was General Major in the Russian Emperor's suite and head of the Administration of the police of the Nicolaievsky railroad.

The watch is made to a very high standard and has been kept in remarkable original condition. Its mechanism is fitted with a ruby cylinder escapement, parachute, jump hour and a single hammer repeating on one gong via a pull-twist piston in the pendant. The parachute is a safety device invented by Breguet, which protects the pivots of a balance from damage, if the watch is dropped or receives a shock. The jump hour relates to the hour hand, which jumps from hour to hour. This complication was used by Breguet in his high grade repeating watches.

This yellow gold wristwatch, manufactured in the early 1950s, demonstrates Breguet's ideal aesthetics and elegant lines.

It was very rare for Breguet to produce fine yellow gold watches during the war years. Research suggests that no more than a few dozen yellow gold wristwatches left the Breguet factory during this period. In contrast, the market has seen a number of 'Type XX' chronographs, which is fitting since many time pieces during the 1940s and 1950s were produced for specific, military purposes. The dial is finely engine-turned and features black Roman numerals on a polished chapter ring that captures the classic Breguet look. 'Pomme' hands furthermore finish off the watch, which today is a defining feature of Breguet's production line.

The present watch is offered in well preserved condition with a strong eagle's head hallmark to the case back and band. The case back furthermore displays clear and legible numbers.

## 百達翡麗 老虎掐絲琺瑯腕錶

The following two lots, consigned by an important private collector, illustrate the wonderful creativity at the world renowned firm of Patek Philippe.

It is Patek's tradition to create unique, one-of-a-kind sets of cloisonné enamel wristwatches paying homage to the relevant Chinese zodiac sign. The following two lots are dedicated to the year of the Tiger, which occupies the third position in the twelve year cycle of the Chinese calendar. People born in the year of the tiger are thought to be very independent, brave, powerful, confident, easy to trust and born leaders.

Each watch has been crafted by hand and depicts tigers, which have been created amazingly well that they appear life-like and display strong vibrant colours. Offered in close to new condition, each watch still retains its original certificate, sales tag and offer the most astute collector the chance to acquire one of these amazing works of art by Patek Philippe.

#### Literature

For a Patek Philippe cloisonné enamel dome clock from the same period, please see *Patek Philippe Museum Patek Philippe Watches*, Volume II, pages 408 and 409.

Patek Philippe cloisonné enamel dome table clocks have increased in value and collectability tremendously in the last few years. Each piece is unique with varying themes and only a very small select number of artists are qualified to work on such objects that have curves to the panels where the enamel lies.

The enamel of the present dome clock was created by Elisabeth Perusset Lagger in 1977. The theme of this dome clock takes inspiration from the famous voyage of Vasco da Gama when he successfully sailed from Portugal to India via Africa, which enabled Portugal to become dominant world power in the 15th and 16th centuries. This new route allowed Portugal to bypass the treacherous Mediterranean Sea. The enamel depicts his sail boat, the African nation alongside a compass, fishes, sea, lightening and angels blowing wind, helping da Gama with his voyage.

This clock has been kept hidden away from the world and is in excellent overall condition with very brightly coloured enamel panels. The clock, in addition to the certificate and retail card, still retains its original sticker on the bottom of the case.

# Patek Philippe The Egyptian.

Ancient Egypt immediately captured the hearts and minds of western society, following the discovery of King Tutankhamun's tomb on 4 November 1922. The media breathlessly chronicled Howard Carter's expedition, churning out fantastical stories about the archeological triumph. Egyptian culture influenced every aspect of society, from film, to literature, food and fashion. So smitten was the West that sociologists dub this era 'Tutmania'.

The horological world was not immune to 'Tutmania'. During the 1920s, high-end watchmakers produced Egyptian inspired masterpieces, featuring precious materials and exquisite designs. During this period, Patek Philippe produced a few unique enamel masterpieces for its most exclusive clientele.

Displaying 'Tutmania' in all its glory, this watch features a beautiful polychrome enamel portrait of Egyptian deity Geb. As the god of earth and fecundity, Geb is typically accompanied with a goose, seen on his crown. Two geese furthermore flank his head. Geb dons traditional garb, which is rendered in lush green enamel, evoking vegetation. Images of oxen, farmers and plants surround the deity, reinforcing his power and virtues.

The polychrome enamel painting is rendered beautifully, capturing every small detail, down to the flick of the oxen's ear. The enamel has been preserved in exceptional condition, considering its age, and the blue surround is painted with painstaking care. It is free of hairlines and cracks. The dial is equally stunning, as the enamel Arabic numerals exhibit bold and beautifully translucent tones. The white enamel is furthermore preserved in excellent condition without any imperfections.

Only Patek Philippe had the ability to create works of art at this level, highlighting the rarity and importance of the present watch. Manufactured in 1900, this fresh-to-the-market watch was coincidentally sold the very year of King Tut's discovery, and truly captures the zeitgeist of the 1920s.

# 百達翡麗琺瑯懷錶 大地之神蓋柏

自1922年11月4日考古學家發現圖坦卡蒙國王古墓後，神秘的古埃及文化便迅速直捲西方社會並造成巨大影響。媒體鉅細靡遺地記錄了考古學家霍華德·卡特的探險，為大眾呈現這項石破天驚的考古成就。當時的西方文化受到劇烈衝擊，瞬間舉凡電影、文學、食品、時尚產品皆因此而產生巨大的改變，所以當時社會學家稱此現象為圖坦熱潮。鐘錶界亦深受影響，1920年代許多高級製錶商因此而受到啟發，設計了一系列精美奢華的傑作。百達翡麗於同一時期，也為尊貴客戶訂製數件獨一無二的琺瑯精品。

本懷錶以多彩琺瑯描繪古埃及神－大地之神蓋柏，完美重現圖坦熱潮的輝煌時期。畫中可見大地之神蓋柏的標誌鵝形冠，翠綠琺瑯的傳統服飾象徵農作興盛，蓋柏的頭像周圍環繞牛、農民、農作等圖樣，宣揚大地之神的強大和美德。

琺瑯工藝的每個環節皆精美細緻，小至牛耳都唯妙唯肖。本拍品擁有悠長歷史，機芯於1900年生產，1920年代售出。半透明的藍色琺瑯彩色澤亮麗依舊，白色琺瑯錶盤和琺瑯阿拉伯數字狀況良好，整體琺瑯完整無暇，此等品相保存至今實屬難得。

本拍品首次現身於拍賣市場，透過這件佳作，無疑再次印證百達翡麗是完美結合藝術與頂級製錶工藝的宣道者。

# Patek Philippe Prince Boris Yusupov.

This exquisite open face watch features a polychrome enamel miniature of Prince Boris Yusupov by G. Menni, after a portrait by French painter Jean-Antoine Gros in 1809. The original painting now resides in the Pushkin Museum in Moscow. Patek Philippe hardly created polychrome enamel paintings due to the exceedingly difficult and expensive process of creating such masterpieces. As a result, examples such as the present watch are very rare and highly sought-after today.

Portraiture was a very specific genre in 19th century France. To commission a portrait was not simply an act of recreating one's appearance. Any portrait was laden with intention and projected a certain image for the subject. It was very common for a painter to exaggerate or emphasize certain characteristics to enhance whomever he was depicting.

This portrait, painted during the Prince's sojourn in France, features Yusupov riding his horse, proudly donning a decadent cape of ermine and velvet. Young Yusupov is festooned with tartan attributes such as a sabre, bow, arrow, pouch and boots. These adornments are decidedly not French. To appropriate from another culture implies conquering, or 'taking' from that culture. It is likely that Yusupov requested these adornments in order to enhance his image as a powerful and prosperous leader.

The present watch is a vision of opulence and regality. Painstakingly rendered in polychrome enamel, Menni has faithfully recreated each fine detail to perfection, from the wisp of each feather, to the delicate pattern of the ermine. To view this watch is akin to experiencing a part of history. The present watch pays tribute to an important moment in French painting, and displays Patek Philippe's strength in merging fine art with watchmaking.

We are delighted, and honored, to present this fresh-to-the-market watch, lovingly preserved by its original owner. Offered in like-new condition, the present watch is accompanied with its original certificate and accessories.

# 百達翡麗微繪珐瑯懷錶 尤蘇波夫王子

富藝斯致力搜羅全球珍品，此枚罕有且精美細緻的百達翡麗微繪珐瑯懷錶，來自資深藏家的委託，作品臨摹拿破崙御用畫家Antoine-Jean Gros，於1809年所畫的名作「尤蘇波夫王子」，由百達翡麗御用微繪珐瑯大師G. Menni傾力完成，目前此名畫收藏於莫斯科的普希金博物館中。彩繪珐瑯製作過程需時且成本十分高昂，連百達翡麗也只生產過為數不多的精品，因此藏家們對品相良好的珐瑯作品追求若渴。

「尤蘇波夫王子」畫作，生動地描繪俄羅斯王子在法國停留期間的英姿，圖中可見年輕的尤蘇波夫王子身穿貂絨大衣，配戴華美且極具異國風情的弓箭刀靴，在在顯現出領征者的強大與王者風範。這幅畫亦帶有強烈國富民強的政治願景，珐瑯大師G. Menni 精心重現原畫的多彩色調，專注每個細節，甚至連貂皮上的細毛也描繪地十分細緻。透過欣賞這枚懷錶，不僅可以一窺歷史，亦再次驚嘆百達翡麗高超的製錶工藝及藝術傳承。

富藝斯深感榮幸為各界呈獻，這枚精緻的百達翡麗微繪珐瑯懷錶，整體品相如新，原裝錶盒證書齊全，實屬為難得一見的微繪珐瑯逸品。

# Patek Philippe Fire in the Steppe by Suzanne Rohr.

Suzanne Rohr is perhaps the last Master Enameller of this generation. Over 70 years old, Rohr has created some of the most beautiful and exquisite enamel miniatures in the world. Producing only one enamel masterpiece every two years, Rohr's miniatures are among Patek Philippe's most sought-after pieces today. Rohr's genius lies in her range of style. She can embody an Old Master, Impressionist or even portraitist with great ease, fluidly adapting her style with any kind of subject matter.

The present hunter case watch features a stunning polychrome enamel painting after 'Fire in the Steppe', by German artist Alfred Roloff. Originally rendered in watercolor in the early 20th century, Rohr has masterfully adapted the medium for a hunter case watch. Laboriously painted in wonderful subtle tones, the miniature features seven horses galloping in motion across the Steppes. The soft purples and blues of the sky blend seamlessly together, contrasting against the bold brushstrokes of the horses. This painting is signed by Rohr on the bottom left, dated 1990.

The case is furthermore adorned with gold scroll work, further elevating the craftsmanship of this watch. Presented with its original certificate, and accompanying accessories, this fresh-to-the-market watch pays tribute to the living legend herself.

# 百達翡麗微繪珐瑯懷錶 駿馬圖

Suzanne Rohr為當代最受歡迎的珐瑯大師之一，多年來為百達翡麗繪製出許多獨一無二的微繪珐瑯懷錶，其精緻美麗的作品在市場上一錶難求。珐瑯的製作過程繁複困難，約兩年才能完成一件作品，Suzanne Rohr擅長將各種不同元素，包括印象派、肖像畫等融合自己的畫風之中，完成極具個人風格的微繪珐瑯懷錶。

懷錶圖案為Suzanne Rohr臨摹德國畫家Alfred Roloff 二十世紀初期的水彩畫作－草原之火，栩栩如生地描繪出七匹草原上的駿馬，柔和的背景色調和線條生動的馬匹形成強烈對比，懷錶的左下方具有Suzanne Rohr的簽名。

本件懷錶為第一手物主的珍藏之物，屬於百達翡麗珐瑯懷錶中極少見的獵殼式懷錶，錶殼並有手工金雕工藝，其珍稀程度不言而喻。拍件品相超凡，原裝盒證齊全，首次亮相於拍賣市場，大師之作，必定令一眾藏家趨之若鶩。

# Patek Philippe The singing bird box with watch.

## 百達翡麗 微繪琺瑯鳥鳴盒時計

Phillips in association with Bacs and Russo is delighted to present to you this Patek Philippe singing bird box with watch. To many collectors, it will come as a surprise that the firm manufactured such an object. Patek Philippe made twelve of these boxes with watch between 1860 and 1870, four of which are illustrated in the Patek Philippe Museum Volume I.

These boxes were made with an extremely high level of craftsmanship and attention to detail. The present box itself is beautifully hand engraved, the enamel panel depicting Mont Blanc and Lake Geneva is exceptionally painted, the bird itself is one of the most colourful and active birds one can find in a singing bird box. His beak opens, his head moves from side to side, his body swivels, his wings flap and his tail wags.

Singing bird boxes were known as early as 1750. The principle behind the singing bird is always the same, whether the mechanism is fitted into the bird cage or a tiny scent bottle. There is a source of compressed air that is formed via the bellows. The bellows are essentially handles, cranks and levers, which are activated by a lever to the side of the box that bring the singing bird to life.

Patek Philippe consulted Bruguier, a well-known singing bird box maker from Geneva, and purchased the mechanism for the singing bird and the cases from this company. Bruguier specialised in the manufacture of singing bird boxes as early as 1825.

Consigned by an important private collector and offered in extremely crisp and original condition. The last known Patek Philippe singing bird box with watch was offered on the market in 2001 and we have the pleasure, 15 years later, to present you with this magnificent example.

百達翡麗生產的琺瑯鳥鳴盒時計數量十分稀少，據資料記載，百達翡麗在1860年至1870年的十年間只製作過12件鳥鳴盒，其中4件登載於百達翡麗博物館藏珍藏版圖冊I。

鳥鳴盒是一項極度講究專業度和細緻度的工藝，已知最早的鳥鳴盒約起源於1750年，其運作原理是將機械部分放置於一個小盒子或是香水瓶內，上鏈後靠機芯齒輪推動，在圓管中注入不同份量空氣，小鳥因而能唱出高低音韻。

Bruguier為19世紀初日內瓦最知名的鳥鳴盒工匠大師之一，當時他們為百達翡麗提供鳥形機械與盒子製作鳥鳴盒。本件微繪琺瑯鳥鳴盒時計的人手雕工立體精美，琺瑯彩描繪白朗峰和日內瓦湖景，小鳥歌聲清脆嘹亮，羽翼亮麗且狀況完整，四種擺動包括鳥喙開合、頭部擺動、身體轉動、展翅拍動，整體運作良好、生動活潑。

本季富藝斯十分榮幸呈獻以下這件精緻瑰麗的百達翡麗微繪琺瑯鳥鳴盒時計。百達翡麗相類似作品於2001年曾出現拍賣市場，15年後再現必定引起關注。本拍品狀況一流，機會再現，各界藏家不容錯過。

# Patek Philippe The magnificent Baroque clock.

## 百達翡麗 巴洛克風格 皇家藍珐瑯原頂座鐘

Patek Philippe are the masters in every task they undertake. This magnificent baroque style clock is arguably one of the most important and exceptional clocks Patek has ever manufactured. Consigned by an astute and important Asian collector, the clock is constructed from yellow gold, silver, diamonds, mother-of-pearl, lapis lazuli and translucent royal blue enamel and weighs an incredible 6.4 kilograms.

The overwhelming craftsmanship, attention to detail and the thought put into constructing this clock is quite amazing. From the shell crafted from lapis to the incredibly detail of the gold dolphins set with diamonds to the claw-like feet, the exceptional attention to detail is unique and illustrates to us that Patek Philippe are the masters in all that they do.

百達翡麗在各項製錶工藝上卓越超群的成功舉世有目共睹。本件博物館級別的巴洛克風格皇家藍半透明珐瑯原頂座鐘，充分展現了百達翡麗製鐘工藝的極致成就。富藝斯深感榮幸獲得資深藏家的委託，呈獻這件重6.4公斤，鑲嵌金銀、鑽石、珠貝母、青金石和皇家藍半透明珐瑯座鐘。

The reference 130, offered here for sale, is unquestionably one of the best and most unusual to be offered in recent years. Its most striking feature is the two-tone dial, where the centre has aged with a fabulous lemon patina that really alters the look and feel of the watch. The outer tachymetre scale has a lovely silvered finish, which is contrasting with its lemon centre. The case retains its original proportions to an exceptional degree, displaying sharp edges and very crisp gold marks to the band and under the lugs. A highly charismatic collector's watch, fresh to the market and in wonderful original condition. Reference 130 today is one of Patek Philippe's landmark models and was in production from 1934 until the mid-1960s.

Reference 1578, along with its  
chronograph sibling reference  
1579, is characterized and  
instantly recognizable by its  
spider lugs.

Produced from 1943 until  
approximately 1965, reference  
1578 was typically cased in  
yellow gold, white gold and pink  
gold. The model featured both  
subsidiary seconds, or sweep  
center seconds, such as the  
present watch. Produced in two  
separate generations, the former  
features caliber 12 SC1, while the  
latter is fitted with caliber 27SC.

The present watch, still retaining  
its angular and sharp lugs with  
eye catching bevels, features  
hallmarks punched deep into the  
sides of the lugs, attesting to its  
original condition.

#### L iterature

For another example of a reference 3448, however without a bracelet, please see *Patek Philippe Museum Patek Philippe Watches*, Volume II, page 296 and 297.

Reference 3448 was first introduced in 1962 and was the firm's first self-winding perpetual calendar wristwatch. We believe a total of 586 examples were made. The reference was in production until 1981 and was replaced by the reference 3450. Many collectors refer to the reference as 'Padellone', the nickname given to the watch.

The present watch is a highly unusual example for two main reasons. The first, is that it is fitted with a luxury yellow gold bracelet that is thick and heavy and still in very nice condition. The second, is that the watch still retains its original certificate, which is a huge rarity when it comes to important vintage Patek Philippe watches. The watch is a very honest example and has been retained in nice and original condition.

With Patek Philippe Extract from the Archives confirming production of the present watch in 1951 and its subsequent sale on 14 January 1953.

Patek Philippe reference 1526 was first introduced in 1945 and remained in production until 1952. The majority were cased in yellow gold with far fewer examples known in pink gold.

The present watch has been preserved in very attractive and original condition with very crisp gold marks to the band and under the lugs. The lugs still retain nice and thick original proportions and the dial, too, is very attractive. Overall, this is a very good example of a pink 1526.

With Patek Philippe Extract from the  
Archives confirming production of the  
present watch in steel with radium hour  
markers in 1951 and its subsequent sale on  
29 September 1951.

Reference 565 was Patek Philippe's  
first large-sized water resistant  
watch, featuring a two-piece case  
with a dust cap and screw down case  
back. The reference was available  
with either subsidiary or sweep  
centre seconds.

The present watch is incredibly rare  
as it is designed in the 'military' style,  
with luminous hands and radium  
markers, the latter  
of which is stated on the Extract from  
the Archives. To find an example  
of reference 565 cased in stainless  
steel is an absolute rarity itself.  
However, coupled with such a dial  
configuration can only be described  
as extraordinary. The luminous  
is still intact and perfectly round,  
perfectly contrasting with the  
gentlemanly Roman numerals  
and subsidiary dial. The case is  
furthermore preserved in excellent,  
unpolished condition, evidenced by  
the thick lugs and bezel.

## Two extraordinary vintage minute repeating watches.

Phillips in association with Bacs and Russo is delighted to present you with the famous and reunited pair of exceptional, unique and historically important minute repeating wristwatches.

Manufactured by Patek Philippe, the first example is the only known reference 2524/1 to be retailed by the prestigious firm of Tiffany & Co. The second example is not only a unique reference and the only one of its kind, but is also retailed by Cartier in 1950. Both watches have been retained in the upmost original condition, having never been polished. It is hard to express the beauty one is filled with when looking first hand at each watch. Purchased individually on the market, the astute Asian collector, who shares the demanding qualities of the original owner, has united the pair of watches once again.

Each watch would appear to be designed to specific requirements. Both watches are fitted with an oversized repeating trigger. Both watches have blackened hands and numerals and the reference 2419 is fitted with a huge 7 mm. crown. The cases of both watches are incredibly crisp and made by the same case maker, Emile Vichet, and retain all original gold marks to their best extent.

Patek Philippe manufactured their first minute repeating wristwatch in 1901 and there exists 6 various references of vintage minute repeaters known with different case sizes, metals and dial configurations. The reference 2419 was manufactured in 1948 and is a unique piece. In addition to its unique case design, the bridge design of the movement ebauche has not been previously documented and is the only caliber of its kind. The reference 2524/1, introduced in 1955 with around 20 pieces known in three gold colours and platinum, is also fitted with a caliber 12''' made by Fritz Piguet.

We are thrilled to be given the opportunity and trust to offer these uber rare timepieces together in a unprecedented fashion. Every aspect and detail of this pair of minute repeating wristwatches and their exceptional original condition render them two of the most important minute repeaters to be offered together at auction.

## 極珍罕古董三問時計

富藝斯連同Bacs and Russo獲得亞洲重要的私人藏家委託，非常榮幸呈獻以下兩枚鐘錶史上極度罕有且十分重要的百達翡麗古董三問時計。第一枚是型號2524/1，同型號中唯一一枚由蒂芬尼出售；第二枚是百達翡麗獨一無二的腕錶，型號2419，由卡地亞出售。兩枚精品時計帶有濃厚的古典之美，品相良好，錶殼印記完整。一對經典的古董三問精品，同時現身拍賣會，實為錶迷一大福音。

根據種種資料，專家團隊推測兩枚腕錶應該是同一位尊貴客戶向百達翡麗特別訂製的，因為：兩枚錶都是較大尺寸的三問裝置；兩枚錶都是獨特的黑色劍針和黑色時標設計。兩枚時計的錶殼是由知名的天才匠人Emile Vichet製成，所有的錶殼印記皆清晰可見。

百達翡麗的三問腕錶品質優良、歷史悠久，第一枚百達翡麗三問腕錶生產於1901年，而根據錶殼尺寸、材質和錶盤配置的不同，還有6種古董三問時計型號。本場推出1948年製的百達翡麗型號2419三問時計不僅是孤本，並搭配了獨一無二的機芯設計，極為罕見。1955年製的百達翡麗型號2524/1三問時計，美麗經典的燒青字面盤，搭配Fritz Piguet 大師製作的12法分機芯，連同鉑金等其他材質約生產了20枚，但由蒂芬尼出售的僅此一件。

富藝斯十分高興且深感榮幸，能呈獻這兩枚古董逸品予香港拍賣會，與亞洲藏家一起分享百達翡麗三問時計的迷人魅力。

The reference 2524/1 was introduced in 1955 and was in production until the late 1960s. This reference differs slightly from the reference 2524 as it is fitted with less prominent lugs. The movement in this minute repeater is stamped HOX, indicating the movement was for export to the American market. The watch was manufactured in 1954 and sold in 1961. The inside case back bears no watchmaker's engraving at all and is stamped with a '9' inside a key, indicating Emile Vichet was the case maker. The caliber 12''' RM was made by Fritz Piguet and its dial is signed Tiffany & Co. The present reference 2524/1 wristwatch is the only known example to be retailed by Tiffany & Co.

Tiffany & Co. was founded in 1837 and started to retail Patek Philippe in 1854. Tiffany & Co. is Patek Philippe's longest retailer and has helped the Swiss firm dominate the American market for over 160 years.

Offered in incredibly original condition, the case has not been polished. The dial is exceptional, the gold marks are as crisp as they can be and the watch is fitted with a large oversized repeating trigger. Consigned by a prominent and astute Asian collector, Phillips is thrilled to bring this watch back to market once more.

This vintage minute repeating wristwatch was manufactured in 1948 and sold in 1950. There are many aspects that render this watch incredibly important. Firstly, we look at the dial configuration and the oversized subsidiary seconds. Secondly, the unique case design with long downturned lugs and oversized minute repeating trigger together with a huge oversized crown. The look is quite unforgettable. The case is in extraordinarily original condition still retaining its original satin finish. The hallmarks are as crisp as it could be. There is even the original 18k stamp on the outside of the case back. The Cartier hand stamped reference numbers are incredibly easy to read and the calibre of the movement is constructed in a way that is previously

unrecorded by the firm. Not only is this bespoke minute repeater unique, it is retailed by Cartier, which is confirmed on the Cartier certificate.

Cartier, arguably one of the most famous jeweler in the world, was found in 1847 and retailed Patek Philippe up to around the late 1960s.

It is Phillips's philosophy to present to the market the most desirable and sought after vintage watches available anywhere in the world. This watch encompasses all of our dreams and desires and we are thrilled and honoured to present it to the market once more.

During the 1950s and 1960s, Calatrava styles wristwatches became increasingly popular and fashionable. At the time, watches cased in yellow, white gold and platinum were considered more valuable than their stainless steel counterparts. As such, very little were produced, and stainless steel wristwatches are today incredibly valuable due to their sheer rarity.

The present watch, reference 3483, was produced in stainless steel only. According to our research, around 500 examples were ever produced. To date, approximately 15 watches have surfaced on the market. This example is preserved in excellent condition, and the dial has aged slightly, giving the watch an incredible vintage look. The pearled outer rim finishes off the simple yet elegant dial beautifully.

The model is fitted with the 27-460 calibre and was discontinued in 1981. The present watch is fitted with a blue 'Sigma' dial, denoting white gold applied markers - a rarer variant for examples cased in white gold. # Patek Philippe The Eurasia.

## 百達翡麗 歐亞大陸地圖

The cloisonné enamel technique is a very important aspect of horology. Fine copper or gold wires are placed on a metal based to define the subject of the enamel. The sections created with the wire are then filled with enamel. The enamel is then coloured by powered metal oxidise and fired, which then solidifies the enamel paste, resulting in a beautiful work of art.

During 1940s to the 1960s, exceptional cloisonné enamel dials were created for all the prestigious manufactures during this period. Phillips in association with Bacs and Russo is delighted to present this exceptional and unique example of this ancient craft. An exceptionally skilled artisan created this notable Eurasia map for Patek Philippe and it is the only known example to be fitted in a pink gold reference 2481 case. The only other example known of a Eurasia cloisonné enamel map is on permanent exhibition at the Patek Philippe Museum in Geneva

Presented in outstanding original condition, this masterpiece is a result of the combined skills of watch manufacture and artistry.

掐絲琺瑯，是一種製作技術非常繁複的重要製錶工藝。其生產方法是利用銅或金屬絲線勾勒出所需圖案，並固定在金屬胎底上，將不同顏色琺瑯釉彩填在金線花紋圖案框架內，再放入窯爐經多次高溫燒製，直至表面的琺瑯釉達到合適厚度，再經過打磨、鍍金等多重工序，最後蓋上一層透明琺瑯作保護燒製而成。掐絲琺瑯的色澤豐富、瑰麗光亮、歷久常新，每一件作品皆是精美的藝術品。

本季富藝斯聯同Bacs and Russo為各界藏家精心蒐羅掐絲琺瑯精品：百達翡麗紅金掐絲琺瑯腕錶，配置歐亞大陸地圖面盤，型號2481。從1940年代至1960年代，只有最頂級的製錶商才有足夠能力，製作品質超群的掐絲琺瑯錶盤；據已知的資料記載，除了百達翡麗博物館永久收藏的一枚掐絲琺瑯面盤腕錶配置歐亞大陸地圖之外，本拍品是唯一搭配紅金錶殼的歐亞大陸面盤孤本。

拍品狀況良好，備有頂級古董錶的各項優秀條件，勢必成為拍場上的矚目焦點。

### Literature

For the only other known example of a reference 2481 fitted with a Eurasia map, please see *Patek Philippe Museum Patek Philippe Watches*, Volume II, page 362.

Consigned by an important private collector, the present watch is the only known example of a pink gold reference 2481 fitted with a cloisonné Eurasia map. Only an extremely small number of watches were fitted with these cloisonné enamel dials that depicted popular themes, such as the jungle, the lighthouse or maps. Due to the limited success during the 1940s to 1960s of these cloisonné enamel dials, only small numbers were made and even fewer sold. As a result of this limited success, there were some dials that were remained in stock and only mounted at a later stage, as is the case with the present watch. The quality of the present example is hard to translate into words, however, it is truly breathtaking.

Reference 2481 was first introduced in the 1950s and has a large case diameter of 37 mm. Patek Philippe did case many of their cloisonné enamel dial within this case due to its large case size.

#### Literature

For another example of a pink gold reference 533, please see *Patek Philippe Wristwatches*, second edition, by Martin Huber and Alan Banbery, page 264.

Launched in 1937, reference 533 was fitted with a variety of dials, ranging from those with arabic numerals to two-tone silvered dials. The reference is characterized by its 'Calatrava'-style case and flat bezel. The present watch, cased in pink gold, features a beautiful pink dial which really matches the case. The numerals on the dial have oxidized slightly in the form of patina, really enhancing the vintage look of the watch. The case has been preserved in very good condition, still retaining a hallmark to the back of the lug.

The present watch also features a monogram to the case back, bearing the initials "AV 1921-1946". One can only imagine what these intriguing dates mean, marking an important period of time within the original owner's life.

### Accessories

With Patek Philippe Extract from the Archives confirming production of the present watch in 1952 and its subsequent sale on 28 May 1953.

Reference 1463 is the only vintage, waterproof and chronograph-only wristwatch that Patek Philippe produced. The reference is playfully dubbed 'Tasti Tondi' due to the large waterproof 'onion' round pushers. Since the reference's launch in 1940, the model has seen a variety of designs to the numerals, dial and hands. The most classic examples were cased in yellow gold, with a handful of watches cased in steel and pink gold.

This particular example features a railway track to the outer tachymeter, also known as chemin de fer, along with Roman numerals at 12 and 6 o'clock. The most distinguishing feature of the present watch, is without a doubt, the 'Hausmann & Co' signature above 6 o'clock. Founded in Rome in 1794 by Ernst Hausmann and Hermann Frielingsdorf, Hausmann & Co. is one of Patek Philippe's most prominent retailers in Italy. Only the most select and prestigious retailers have the honor of printing their dials on Patek Philippe's watches. The present example is further retained in very original condition with correct hallmarks, proportions and thickness of the lugs.

# Guide for Prospective Buyers

## Buying at Auction

The following pages are designed to offer you information on how to buy at auction at Phillips. Our staff will be happy to assist you.

## Conditions of Sale

The Conditions of Sale and Authorship Warranty which appear later in this catalogue govern the auction. Bidders are strongly encouraged to read them as they outline the legal relationship among Phillips, the seller and the buyer and describe the terms upon which property is bought at auction. Please be advised that Phillips generally acts as agent for the seller. Bidders should also read the Important Notices immediately following this Guide for Prospective Buyers.

## Buyer's Premium

Phillips charges the successful bidder a commission, or buyer's premium, on the hammer price of each lot sold. The buyer's premium is payable by the buyer as part of the total purchase price at the following rates: 25% of the hammer price up to and including HK\$1,600,000, 20% of the portion of the hammer price above HK\$1,600,000 up to and including HK\$22,500,000 and 12% of the portion of the hammer price above HK\$22,500,000.

The purchase price payable for any lot is the sum of the hammer price plus the buyer's premium plus any applicable tax and charges.

## 1 Prior to Auction

### Catalogue Subscriptions

If you would like to purchase a catalogue for this auction or any other Phillips sale, please contact us at +852 2318 2000, +41 22 317 8181, +44 20 7318 4010 or +1 212 940 1240.

## Pre-Sale Estimates

Pre-sale estimates are intended as a guide for prospective buyers. Any bid within the high and low estimate range should, in our opinion, offer a chance of success. However, many lots achieve prices below or above the pre-sale estimates. Where 'Estimate on Request' appears, please contact the specialist department for further information. It is advisable to contact us closer to the time of the auction as estimates can be subject to revision. Pre-sale estimates do not include the buyer's premium or any applicable taxes.

## Pre-Sale Estimates in US Dollars and Euros

Although the sale is conducted in Hong Kong dollars, the pre-sale estimates in the auction catalogues may also be printed in US dollars and/or euros. Since the exchange rate is that at the time of catalogue production and not at the date of auction, you should treat estimates in US dollars or euros as a guide only.

## Catalogue Entries

Phillips may print in the catalogue entry the history of ownership of the property, as well as the exhibition history and references to the work in art publications. While we are careful in the cataloguing process, provenance, exhibition and literature references may not be exhaustive and in some cases we may intentionally refrain from disclosing the identity of previous owners. Please note that all dimensions of the property set forth in the catalogue entry are approximate.

## Condition of Lots

Our catalogues include references to condition only in the descriptions of multiple works (e.g., prints). Such references, though, do not amount to a full description of condition. The absence of reference to the condition of a lot in the catalogue entry does not imply that the lot is free from faults or imperfections. Solely as a convenience to clients, Phillips may provide condition reports. In preparing such reports, our specialists assess the condition in a manner appropriate to the estimated value of the property. While condition reports are prepared honestly and carefully, our staff are not professional restorers. We therefore encourage all prospective buyers to inspect the property at the pre-sale exhibitions and recommend, particularly in the case of any lot of significant value, that you retain your own restorer or professional advisor to report to you on the property's condition prior to bidding. Moreover, condition reports are not exhaustive and may not specify all mechanical replacements or imperfections to the movement, case, dial, pendulum, separate bases(s) or dome. The absence of a condition report or the absence of a reference to damage in the catalogue does not imply that the lot is in good condition, working order or free from restoration or repair.

## Pre-Auction Viewing

Pre-auction viewings are open to the public and free of charge. Our specialists are available to give advice and condition reports at viewings or by appointment.

## Deposit

If you wish to bid on a lot designated with the symbol \* (a "Premium Lot"), Phillips may require you to pay a deposit of HK\$2,000,000 or such higher amount as Phillips in our sole discretion deems appropriate and to provide such financial references, guarantees and/or other security as Phillips may require in our sole discretion as security for the bid. Phillips will also require you to complete the Premium Lot pre-registration prior to the date of the auction at which the Premium Lot will be offered for sale. Upon our receipt of the deposit and a completed pre-registration form, Phillips will provide you with a numbered Premium Lot paddle for identification purposes. The auctioneer will usually only accept bids on Premium Lots made with the Premium Lot paddle or by its registered bidder. This applies to saleroom, telephone and absentee bids. Payment of the deposit may be made by wire transfer or credit card acceptable to Phillips for the prospective purchase. If you are not the successful bidder on a Premium Lot and do not owe Phillips or any of our affiliated companies any debt, the deposit will be refunded to you by wire transfer (in the same currency in which you paid the deposit) or credit card refund, as the case may be, the refund will be processed within seven days after the date of the auction.

## Symbol Key

The following key explains the symbols you may see inside this catalogue.

## O ♦ Guaranteed Property

The seller of lots designated with the symbol O has been guaranteed a minimum price financed solely by Phillips. Where the guarantee is provided by a third party or jointly by us and a third party, the property will be denoted with the symbols O ♦. When a third party has financed all or part of our financial interest in a lot, it assumes all or part of the risk that the lot will not be sold and will be remunerated accordingly. The compensation will be a fixed fee, a percentage of the hammer price or the buyer's premium or some combination of the foregoing. The third party may bid on the guaranteed lot during the auction. If the third party is the successful bidder, the remuneration may be netted against the final purchase price. If the lot is not sold, the third party may incur a loss.

## Δ Property in which Phillips has an Ownership Interest

Lots with this symbol indicate that Phillips owns the lot in whole or in part or has an economic interest in the lot equivalent to an ownership interest.

## ● No Reserve

Unless indicated by a \*, all lots in this catalogue are offered subject to a reserve. A reserve is the confidential value established between Phillips and the seller and below which a lot may not be sold. The reserve for each lot is generally set at a percentage of the low estimate and will not exceed the low pre-sale estimate.

## Σ Endangered Species

Lots with this symbol have been identified at the time of cataloguing as containing endangered or other protected species of wildlife which may be subject to restrictions regarding export or import and which may require permits for export as well as import. Please refer to Paragraph 4 of the Guide for Prospective Buyers and Paragraph 11 of the Conditions of Sale.

## \* Premium Lots

Lots with this symbol carry a low pre-sale estimate of HK\$8,000,000 or more and are referred to by Phillips as Premium Lots. Prospective buyers who wish to bid on Premium Lots must complete the pre-registration form and pay the Premium Lot deposit, as described more fully in this Paragraph 1 of the Guide for Prospective Buyers.

## ▼ Restricted Importation

Lots with this symbol may be subject to importation restriction in the US. Please refer to the Important Notices which appear in this catalogue immediately following this Guide for Prospective Buyers.

## 3 The Auction

As noted above, the auction is governed by the Conditions of Sale and Authorship Warranty. All prospective bidders should read them carefully. They may be amended by saleroom addendum or auctioneer's announcement.

### Interested Parties Announcement

In situations where a person allowed to bid on a lot has a direct or indirect interest in such lot, such as the beneficiary or executor of an estate selling the lot, a joint owner of the lot or a party providing or participating in a guarantee on the lot, Phillips will make an announcement in the saleroom that interested parties may bid on the lot.

### Consecutive and Responsive Bidding; No Reserve Lots

The auctioneer may open the bidding on any lot by placing a bid on behalf of the seller. The auctioneer may further bid on behalf of the seller up to the amount of the reserve by placing consecutive bids or bids in response to other bidders. If a lot is offered without reserve, unless there are already competing absentee bids, the auctioneer will generally open the bidding at 50% of the lot's low pre-sale estimate. In the absence of a bid at that level, the auctioneer will proceed backwards at his or her discretion until a bid is recognized and will then advance the bidding from that amount. Absentee bids on no reserve lots will, in the absence of a higher bid, be executed at approximately 50% of the low pre-sale estimate or at the amount of the bid if it is less than 50% of the low pre-sale estimate. If there is no bid whatsoever on a no reserve lot, the auctioneer may deem such lot unsold.

## 4 After the Auction

### Payment

Buyers are required to pay for purchases immediately following the auction unless other arrangements have been agreed with Phillips in writing in advance of the sale. Payment must be made in Hong Kong dollars by wire transfer, as noted in Paragraph 6 of the Conditions of Sale. Cash and cheques are not accepted.

### Credit Cards

As a courtesy to clients, Phillips accepts payment by credit card up to HK\$800,000. A processing fee will apply. For details on credit card payment please contact the Client Services department at +852 2318 2000.

### Collection

It is our policy to request proof of identity on collection of a lot. A lot will be released to the buyer or the buyer's authorized representative when Phillips has received full and cleared payment and we are not owed any other amount by the buyer. After the auction, all lots will be kept at our offices at Room 1301, 13/F York House, Landmark, Central, Hong Kong.

### Loss or Damage

Buyers are reminded that Phillips accepts liability for loss or damage to lots for a maximum of seven days following the auction.

### Transport and Shipping

As a free service for buyers, Phillips will wrap purchased lots for hand carry only. We do not provide packing, handling or shipping services directly. However, we will coordinate with shipping agents instructed by you in order to facilitate the packing, handling and shipping of property purchased at Phillips. Please refer to Paragraph 7 of the Conditions of Sale for more information.

### Export and Import Licences

Before bidding for any property, prospective bidders are advised to make independent enquiries as to whether a licence is required to export the property from Hong Kong or to import it into another country. It is the buyer's sole responsibility to comply with all import and export laws and to obtain any necessary licences or permits. The denial of any required licence or permit or any delay in obtaining such documentation will not justify the cancellation of the sale or any delay in making full payment for the lot.

### Endangered Species

Items made of or incorporating plant or animal material, such as coral, crocodile, ivory, whalebone, Brazilian rosewood, rhinoceros horn or tortoiseshell, irrespective of age, percentage or value, may require a licence or certificate prior to exportation and additional licences or certificates upon importation to the US or to any country within or outside the European Union (EU). Please note that the ability to obtain an export licence or certificate does not ensure the ability to obtain an import licence or certificate in another country, and vice versa. We suggest that prospective bidders check with their own government regarding wildlife import requirements prior to placing a bid. It is the buyer's sole responsibility to obtain any necessary export or import licences or certificates as well as any other required documentation. Please note that the US prohibits the importation of any item containing African elephant ivory. Asian elephant ivory may be imported in to the US only if accompanied by independent scientific analysis regarding continent of origin and confirmation the object is more than 100 years old. We have not obtained a scientific analysis on any lot prior to sale and cannot indicate whether elephant ivory in a particular lot is African or Asian elephant. Buyers purchase these lots at their own risk and will be responsible for the costs of obtaining any scientific analysis or other report required in connection with their proposed import of such property into the US.

With regard to any item containing endangered species other than elephant ivory, an importer into the US must provide documented evidence of the species identification and age of an object in order to demonstrate that the object qualifies as an antique. This will require the buyer to obtain an independent appraisal certifying the species of endangered material on the object and certifying that the object is not less than 100 years of age. A prospective buyer planning to import an object into the US may not rely on Phillips cataloguing to establish the species of endangered material on the object or to establish the age of the object and must consult with a qualified independent appraiser prior to placing a bid on the lot.

Please note that lots containing potentially regulated plant or animal material are marked as a convenience to our clients, but Phillips does not accept liability for errors or for failing to mark lots containing protected or regulated species.

## Important Notices

### Condition

Phillips makes no representation or warranty that any watch or clock is in working order, and no catalogue description of any lot should be construed as so stating. Prospective buyers are advised to have watches and clocks checked by a competent watchmaker or watch or clock restorer before use. As a service to prospective buyers, we may provide a description of the condition of watches and clocks in the catalogue entry, including references to defects and repairs, and furnish a condition report, but such information is not necessarily complete and may not specify all mechanical replacements, restorations or defects. Please note that Phillips does not guarantee the authenticity of any individual components parts, such as wheels, hands, crowns, crystals, screws, bracelets and leather bands, since prior repairs and restoration work may have resulted in the replacement of original parts. Nor does Phillips warrant that watches in water-resistant cases are currently water-resistant. Prospective buyers should inspect all watches and clocks prior to the auction to evaluate the condition of property offered for sale.

### Exportation of Watch Bands Incorporating Material from Endangered Species

Some of the watches offered for sale in the catalogue may have bands made of endangered or protected animal materials, such as alligator or crocodile, and may not lawfully be exported from the auction site without a CITES export permit. As explained in Paragraph 1 & 4 of the Guide for Prospective Buyers, these lots are marked with Σ in the catalogue. Accordingly, for purchased watches that are to be shipped out of the sale site for delivery, Phillips may need to remove and retain the band before shipping the watch and buckle.

### Authenticity Certificates

Certain manufacturers do not issue certificates of authenticity, and Phillips has no obligation to furnish a buyer with a certificate of authenticity from the manufacturer, except when specifically noted in the catalogue. Unless Phillips is satisfied that we should cancel the sale in accordance with the Authorship Warranty provided in the Conditions of Sale, the failure of a manufacturer to issue a certificate will not constitute grounds for cancellation of the sale.

### Premium Lots

Any prospective buyer interested in any Premium Lot, which is marked in the catalogue with the symbol \*, must complete Premium Lot pre-registration and make a deposit of HK\$2,000,000 or such higher amount as Phillips shall require in order to bid on a Premium Lot. For details, please contact the Client Services Department at +852 2318 2000.

# Conditions of Sale

The Conditions of Sale and Authorship Warranty set forth below govern the relationship between bidders and buyers, on the one hand, and Phillips and sellers, on the other hand. All prospective buyers should read these Conditions of Sale, the Important Notices immediately following the Guide for Prospective Buyers and the Authorship Warranty carefully before bidding.

## 1 Introduction

Each lot in this catalogue is offered for sale and sold subject to: (a) the Conditions of Sale and Authorship Warranty; (b) additional notices and terms printed in other places in this catalogue, including the Guide for Prospective Buyers and Important Notices and (c) supplements to this catalogue or other written material posted by Phillips in the saleroom, in each case as amended by any addendum or announcement by the auctioneer prior to the auction.

By bidding at the auction, whether in person, through an agent, by written bid, by telephone bid or other means, bidders and buyers agree to be bound by these Conditions of Sale, as so changed or supplemented, and Authorship Warranty.

These Conditions of Sale, as so changed or supplemented, and Authorship Warranty contain all the terms on which Phillips and the seller contract with the buyer.

## 2 Phillips as Agent

Phillips acts as an agent for the seller, unless otherwise indicated in this catalogue or at the time of auction. On occasion, Phillips may own a lot directly, in which case we will act in a principal capacity as a consignor, or a company affiliated with Phillips may own a lot, in which case we will act as agent for that company, or Phillips or an affiliated company may have a legal, beneficial or financial interest in a lot as a secured creditor or otherwise.

## 3 Catalogue Descriptions and Condition of Property

Lots are sold subject to the Authorship Warranty, as described in the catalogue (unless such description is changed or supplemented, as provided in Paragraph 1 above) and in the condition that they are in at the time of the sale on the following basis.

(a) The knowledge of Phillips in relation to each lot is partially dependent on information provided to us by the seller, and Phillips is not able to and does not carry out exhaustive due diligence on each lot. Prospective buyers acknowledge this fact and accept responsibility for carrying out inspections and investigations to satisfy themselves as to the lots in which they may be interested. Notwithstanding the foregoing, we shall exercise such reasonable care when making express statements in catalogue descriptions or condition reports as is consistent with our role as auctioneer of lots in this sale and in light of (i) the information provided to us by the seller, (ii) scholarship and technical knowledge and (iii) the generally accepted opinions of relevant experts, in each case at the time any such express statement is made.

(b) Each lot offered for sale at Phillips is available for inspection by prospective buyers prior to the auction. Phillips accepts bids on lots on the basis that bidders (and independent experts on their behalf, to the extent appropriate given the nature and value of the lot and the bidder's own expertise) have fully inspected the lot prior to bidding and have satisfied themselves as to both the condition of the lot and the accuracy of its description.

(c) Prospective buyers acknowledge that many lots are of an age and type which means that they are not in perfect condition. As a courtesy to clients, Phillips may prepare and provide condition reports to assist prospective buyers when they are inspecting lots. Catalogue descriptions and condition reports may make reference to particular imperfections of a lot, but bidders should note that lots may have other faults not expressly referred to in the catalogue or condition report. All dimensions are approximate. Illustrations are for identification purposes only and cannot be used as precise indications of size or to convey full information as to the actual condition of lots.

(d) Information provided to prospective buyers in respect of any lot, including any pre-sale estimate, whether written or oral, and information in any catalogue, condition or other report, commentary or valuation, is not a representation of fact but rather a statement of opinion held by Phillips. Any pre-sale estimate may not be relied on as a prediction of the selling price or value of the lot and may be revised

from time to time by Phillips at our absolute discretion. Neither Phillips nor any of our affiliated companies shall be liable for any difference between the pre-sale estimates for any lot and the actual price achieved at auction or upon resale.

## 4 Bidding at Auction

(a) Phillips has absolute discretion to refuse admission to the auction or participation in the sale. All bidders must register for a paddle prior to bidding, supplying such information and references as required by Phillips.

(b) As a convenience to bidders who cannot attend the auction in person, Phillips may, if so instructed by the bidder, execute written absentee bids on a bidder's behalf. Absentee bidders are required to submit bids on the 'Absentee Bid Form', a copy of which is printed in this catalogue or otherwise available from Phillips. Bids must be placed in the currency of the sale. The bidder must clearly indicate the maximum amount he or she intends to bid, excluding the buyer's premium. The auctioneer will not accept an instruction to execute an absentee bid which does not indicate such maximum bid. Our staff will attempt to execute an absentee bid at the lowest possible price taking into account the reserve and other bidders. Any absentee bid must be received at least 24 hours in advance of the sale. In the event of identical bids, the earliest bid received will take precedence.

(c) Telephone bidders are required to submit bids on the 'Telephone Bid Form', a copy of which is printed in this catalogue or otherwise available from Phillips. Telephone bidding is available for lots whose low pre-sale estimate is at least HK\$8,000. Phillips reserves the right to require written confirmation of a successful bid from a telephone bidder by fax or otherwise immediately after such bid is accepted by the auctioneer. Telephone bids may be recorded and, by bidding on the telephone, a bidder consents to the recording of the conversation.

(d) Bidders may participate in an auction by bidding online through Phillips's online live bidding platform available on our website at [www.phillips.com](http://www.phillips.com). To bid online, bidders must register online at least 24 hours before the start of the auction. Online bidding is subject to approval by Phillips's bid department in our sole discretion. As noted in Paragraph 3 above, Phillips encourages online bidders to inspect prior to the auction any lot(s) on which they may bid, and condition reports are available upon request. Bidding in a live auction can progress quickly. To ensure that online bidders are not placed at a disadvantage when bidding against bidders in the room or on the telephone, the procedure for placing bids through Phillips's online bidding platform is a one-step process. By clicking the bid button on the computer screen, a bidder submits a bid. Online bidders acknowledge and agree that bids so submitted are final and may not under any circumstances be amended or retracted. During a live auction, when bids other than online bids are placed, they will be displayed on the online bidder's computer screen as 'floor' bids. 'Floor' bids include bids made by the auctioneer to protect the reserve. In the event that an online bid and a 'floor' or 'phone' bid are identical, the 'floor' bid may take precedence at the auctioneer's discretion. The next bidding increment is shown for the convenience of online bidders in the bid button. The bidding increment available to online bidders may vary from the next bid actually taken by the auctioneer, as the auctioneer may deviate from Phillips's standard increments at any time at his or her discretion, but an online bidder may only place a bid in a whole bidding increment. Phillips's bidding increments are published in the Guide for Prospective Buyers.

(e) When making a bid, whether in person, by absentee bid, on the telephone or online, a bidder accepts personal liability to pay the purchase price, as described more fully in Paragraph 6 (a) below, plus all other applicable charges unless it has been explicitly agreed in writing with Phillips before the commencement of the auction that the bidder is acting as agent on behalf of an identified third party acceptable to Phillips and that we will only look to the principal for such payment.

(f) By participating in the auction, whether in person, by absentee bid, on the telephone or online, each prospective buyer represents and warrants that any bids placed by such person, or on such person's behalf, are not the product of any collusive or other anti-competitive agreement and are otherwise consistent with federal and state antitrust law.

(g) Arranging absentee, telephone and online bids is a free service provided by Phillips to prospective buyers. While we undertake to exercise reasonable care in undertaking such activity, we cannot accept liability for failure to execute such bids except where such failure is caused by our willful misconduct.

(h) Employees of Phillips and our affiliated companies, including the auctioneer, may bid at the auction by placing absentee bids so long as they do not know the reserve when submitting their absentee bids and otherwise comply with our employee bidding procedures.

## **5 Conduct of the Auction**

(a) Unless otherwise indicated by the symbol \*, each lot is offered subject to a reserve, which is the confidential minimum selling price agreed by Phillips with the seller. The reserve will not exceed the low pre-sale estimate at the time of the auction.

(b) The auctioneer has discretion at any time to refuse any bid, withdraw any lot, re-offer a lot for sale (including after the fall of the hammer) if he or she believes there may be error or dispute and take such other action as he or she deems reasonably appropriate. Phillips shall have no liability whatsoever for any such action taken by the auctioneer. If any dispute arises after the sale, our sale record is conclusive. The auctioneer may accept bids made by a company affiliated with Phillips provided that the bidder does not know the reserve placed on the lot.

(c) The auctioneer will commence and advance the bidding at levels and in increments he or she considers appropriate. In order to protect the reserve on any lot, the auctioneer may place one or more bids on behalf of the seller up to the reserve without indicating he or she is doing so, either by placing consecutive bids or bids in response to other bidders. If a lot is offered without reserve, unless there are already competing absentee bids, the auctioneer will generally open the bidding at 50% of the lot's low pre-sale estimate. In the absence of a bid at that level, the auctioneer will proceed backwards at his or her discretion until a bid is recognized and will then advance the bidding from that amount. Absentee bids on no reserve lots will, in the absence of a higher bid, be executed at approximately 50% of the low pre-sale estimate or at the amount of the bid if it is less than 50% of the low pre-sale estimate. If there is no bid whatsoever on a no reserve lot, the auctioneer may deem such lot unsold.

(d) The sale will be conducted in Hong Kong dollars and payment is due in Hong Kong dollars. For the benefit of international clients, pre-sale estimates in the auction catalogue may be shown in US dollars and/or euros and, if so, will reflect approximate exchange rates. Accordingly, estimates in US dollars or euros should be treated only as a guide. If a currency converter is operated during the sale, it is done so as a courtesy to bidders, but Phillips accepts no responsibility for any errors in currency conversion calculation.

(e) Subject to the auctioneer's reasonable discretion, the highest bidder accepted by the auctioneer will be the buyer and the striking of the hammer marks the acceptance of the highest bid and the conclusion of a contract for sale between the seller and the buyer. Risk and responsibility for the lot passes to the buyer as set forth in Paragraph 7 below.

(f) If a lot is not sold, the auctioneer will announce that it has been 'passed', 'withdrawn', 'returned to owner' or 'bought-in'.

(g) Any post-auction sale of lots offered at auction shall incorporate these Conditions of Sale and Authorship Warranty as if sold in the auction.

## **6 Purchase Price and Payment**

(a) The buyer agrees to pay us, in addition to the hammer price of the lot, the buyer's premium, plus any applicable tax and charges (the 'Purchase Price'). The buyer's premium is 25% of the hammer price up to and including HK\$1,600,000, 20% of the portion of the hammer price above HK\$1,600,000 up to and including HK\$22,500,000 and 12% of the portion of the hammer price above HK\$22,500,000. Phillips reserves the right to pay from our compensation an introductory commission to one or more third parties for assisting in the sale of property offered and sold at auction.

(b) Unless otherwise agreed, a buyer is required to pay for a purchased lot immediately following the auction regardless of any intention to obtain an export or import license or other permit for such lot. Payments must be made by the invoiced party in Hong Kong dollars by wire transfer in accordance with the bank transfer details provided on the invoice for purchased lots.

(c) As a courtesy to clients, Phillips will accept American Express, Visa and MasterCard to pay for invoices of HK\$800,000 or less. A processing fee will apply.

(d) Title in a purchased lot will not pass until Phillips has received the Purchase Price for that lot in cleared funds. Phillips is not obliged to release a lot to the buyer until title in the lot has passed and appropriate identification has been provided, and any earlier release does not affect the passing of title or the buyer's unconditional obligation to pay the Purchase Price.

## **7 Collection of Property**

(a) Phillips will not release a lot to the buyer until we have received payment of its Purchase Price in full in cleared funds, the buyer has paid all outstanding amounts due to Phillips or any of our affiliated companies, including any charges payable pursuant to Paragraph 8 (a) below, and the buyer has satisfied such other terms as we in our sole discretion shall require, including completing any anti-money laundering or anti-terrorism financing checks. As soon as a buyer has satisfied all of the foregoing conditions, he or she should contact us at +852 2318 2000 to arrange for collection of purchased property.

(b) The buyer must arrange for collection of a purchased lot within seven days of the date of the auction. After the auction, all lots will be kept at our offices at Room 1301, 13/F York House, Landmark, Central, Hong Kong. Purchased lots are at the buyer's risk, including the responsibility for insurance, from (i) the date of collection or (ii) seven days after the auction, whichever is the earlier. Until risk passes, Phillips will compensate the buyer for any loss or damage to a purchased lot up to a maximum of the Purchase Price paid, subject to our usual exclusions for loss or damage to property.

(c) As a courtesy to clients, Phillips will, without charge, wrap purchased lots for hand carry only. We do not provide packing, handling, insurance or shipping services. We will coordinate with shipping agents instructed by the buyer, whether or not recommended by Phillips, in order to facilitate the packing, handling, insurance and shipping of property bought at Phillips. Any such instruction is entirely at the buyer's risk and responsibility, and we will not be liable for acts or omissions of third party packers or shippers.

(d) Phillips will require presentation of government-issued identification prior to release of a lot to the buyer or the buyer's authorized representative.

## **8 Failure to Collect Purchases**

(a) If the buyer pays the Purchase Price but fails to collect a purchased lot within 30 days of the auction, the buyer will incur a late collection fee of HK\$80 per day for each uncollected lot. We will not release purchased lots to the buyer until all such charges have been paid in full.

(b) If a purchased lot is paid for but not collected within six months of the auction, the buyer authorizes Phillips, upon notice, to arrange a resale of the item by auction or private sale, with estimates and a reserve set at Phillips's reasonable discretion. The proceeds of such sale will be applied to pay for storage charges and any other outstanding costs and expenses owed by the buyer to Phillips or our affiliated companies and the remainder will be forfeited unless collected by the buyer within two years of the original auction.

## **9 Remedies for Non-Payment**

(a) Without prejudice to any rights the seller may have, if the buyer without prior agreement fails to make payment of the Purchase Price for a lot in cleared funds within seven days of the auction, Phillips may in our sole discretion exercise one or more of the following remedies: (i) store the lot at Phillips's premises or elsewhere at the buyer's sole risk and expense; (ii) cancel the sale of the lot, retaining any partial payment of the Purchase Price as liquidated damages; (iii) reject future bids from the buyer or render such bids subject to payment of a deposit; (iv) charge interest at 12% per annum from the date payment became due until the date the Purchase Price is received in cleared funds; (v) subject to notification of the buyer, exercise a lien over any of the buyer's property which is in the possession of Phillips and instruct our affiliated companies to exercise a lien over any of the buyer's property which is in their possession and, in each case, no earlier than 30 days from the date of such notice arrange the sale of such property and apply the proceeds to the amount owed to Phillips or any of our affiliated companies after the deduction from sale proceeds of our standard vendor's commission, all sale-related expenses

and any applicable taxes thereon; (vi) resell the lot by auction or private sale, with estimates and a reserve set at Phillips's reasonable discretion, it being understood that in the event such resale is for less than the original hammer price and buyer's premium for that lot, the buyer will remain liable for the shortfall together with all costs incurred in such resale; (vii) commence legal proceedings to recover the hammer price and buyer's premium for that lot, together with interest and the costs of such proceedings; (viii) set off the outstanding amount remaining unpaid by the buyer against any amounts which we or any of our affiliated companies may owe the buyer in any other transactions; (ix) release the name and address of the buyer to the seller to enable the seller to commence legal proceedings to recover the amounts due and legal costs; or (x) take such other action as we deem necessary or appropriate.

(b) The buyer irrevocably authorizes Phillips to exercise a lien over the buyer's property which is in our possession upon notification by any of our affiliated companies that the buyer is in default of payment. Phillips will notify the buyer of any such lien. The buyer also irrevocably authorizes Phillips, upon notification by any of our affiliated companies that the buyer is in default of payment, to pledge the buyer's property in our possession by actual or constructive delivery to our affiliated company as security for the payment of any outstanding amount due. Phillips will notify the buyer if the buyer's property has been delivered to an affiliated company by way of pledge.

(c) If the buyer is in default of payment, the buyer irrevocably authorizes Phillips to instruct any of our affiliated companies in possession of the buyer's property to deliver the property by way of pledge as the buyer's agent to a third party instructed by Phillips to hold the property on our behalf as security for the payment of the Purchase Price and any other amount due and, no earlier than 30 days from the date of written notice to the buyer, to sell the property in such manner and for such consideration as can reasonably be obtained on a forced sale basis and to apply the proceeds to any amount owed to Phillips or any of our affiliated companies after the deduction from sale proceeds of our standard vendor's commission, all sale-related expenses and any applicable taxes thereon.

#### 10 Rescission by Phillips

Phillips shall have the right, but not the obligation, to rescind a sale without notice to the buyer if we reasonably believe that there is a material breach of the seller's representations and warranties or the Authorship Warranty or an adverse claim is made by a third party. Upon notice of Phillips election to rescind the sale, the buyer will promptly return the lot to Phillips, and we will then refund the Purchase Price paid to us. As described more fully in Paragraph 13 below, the refund shall constitute the sole remedy and recourse of the buyer against Phillips and the seller with respect to such rescinded sale.

#### 11 Export, Import And Endangered Species Licences and Permits

Before bidding for any property, prospective buyers are advised to make their own enquiries as to whether a licence is required to export a lot from Hong Kong or to import it into another country. Prospective buyers are advised that some countries prohibit the import of property made of or incorporating plant or animal material, such as coral, crocodile, ivory, whalebone, Brazilian rosewood, rhinoceros horn or tortoiseshell, irrespective of age, percentage or value. Accordingly, prior to bidding, prospective buyers considering export of purchased lots should familiarize themselves with relevant export and import regulations of the countries concerned. Please note that the US prohibits the importation of any item containing African elephant ivory. Asian elephant ivory may be imported in to the US only if accompanied by independent scientific analysis of continent of origin and confirmation the object is more than 100 years old.

With regard to any item containing endangered species other than elephant ivory, an importer into the US must provide documented evidence of the species identification and age of an object in order to demonstrate that the item qualifies as an antique. This will require the buyer to obtain an independent appraisal certify the species of endangered material on the object and certifying that the object is not less than 100 years of age. A prospective buyer planning to import an object containing endangered species into the US may not rely on Phillips cataloguing to establish the species of endangered material on the object or to establish the age of the object and must consult with a qualified independent appraiser prior to placing a bid on the lot.

It is solely the buyer's responsibility to comply with these laws and to obtain any necessary export, import and endangered species licences or permits. Failure to obtain a licence or permit or delay in so doing will not justify the cancellation of the sale or any delay in making full payment for the lot. As a courtesy to clients, Phillips has marked in the catalogue lots containing potentially regulated plant or animal material, but we do not accept liability for errors or for failing to mark lots containing protected or regulated species.

#### 12 Data Protection

(a) In connection with the supply of auction and related services, or as required by law, Phillips may ask clients to provide personal data. Phillips may take and retain a copy of government-issued identification such as a passport or driving license. We will use your personal data (i) to provide auction and related services; (ii) to enforce these Conditions of Sale; (iii) to carry out identity and credit checks; (iv) to implement and improve the management and operations of our business and (v) for other purposes set out in our Privacy Policy published on the Phillips website at [www.phillips.com](http://www.phillips.com) (the "Privacy Policy") and available on request by emailing [dataprotection@phillips.com](mailto:dataprotection@phillips.com). By agreeing to these Conditions of Sale, you consent our use of your personal data, including sensitive personal data, in accordance with the Privacy Policy. The personal data we may collect and process is listed, and sensitive personal data is defined, in our Privacy Policy. Phillips may also, from time to time, send you promotional and marketing materials about us and our services. If you would prefer not to receive such information, please email us at [dataprotection@phillips.com](mailto:dataprotection@phillips.com). Please also email us at this address to receive information about your personal data or to advise us if the personal data we hold about you is inaccurate or out of date.

(b) In order to provide our services, we may disclose your personal data to third parties, including professional advisors, shippers and credit agencies. We will disclose, share with and transfer your personal data to Phillips's affiliated persons (natural or legal) for administration, sale and auction related purposes. You expressly consent to such transfer of your personal data, including sensitive personal data. We will not sell, rent or otherwise transfer any of your personal data to third parties except as otherwise expressly provided in this Paragraph 12.

(c) Phillips's premises may be subject to video surveillance and recording. Telephone calls (e.g., telephone bidding) may also be recorded. We may process that information in accordance with our Privacy Policy.

#### 13 Limitation of Liability

(a) Subject to sub-paragraph (e) below, the total liability of Phillips, our affiliated companies and the seller to the buyer in connection with the sale of a lot shall be limited to the Purchase Price actually paid by the buyer for the lot.

(b) Except as otherwise provided in this Paragraph 13, none of Phillips, any of our affiliated companies or the seller (i) is liable for any errors or omissions, whether orally or in writing, in information provided to prospective buyers by Phillips or any of our affiliated companies or (ii) accepts responsibility to any bidder in respect of acts or omissions, whether negligent or otherwise, by Phillips or any of our affiliated companies in connection with the conduct of the auction or for any other matter relating to the sale of any lot.

(c) All warranties other than the Authorship Warranty, express or implied, including any warranty of satisfactory quality and fitness for purpose, are specifically excluded by Phillips, our affiliated companies and the seller to the fullest extent permitted by law.

(d) Subject to sub-paragraph (e) below, none of Phillips, any of our affiliated companies or the seller shall be liable to the buyer for any loss or damage beyond the refund of the Purchase Price referred to in sub-paragraph (a) above, whether such loss or damage is characterised as direct, indirect, special, incidental or consequential, or for the payment of interest on the Purchase Price to the fullest extent permitted by law.

(e) No provision in these Conditions of Sale shall be deemed to exclude or limit the liability of Phillips or any of our affiliated companies to the buyer in respect of any fraud or fraudulent misrepresentation made by any of us or in respect of death or personal injury caused by our negligent acts or omissions.

## 14 Copyright

The copyright in all images, illustrations and written materials produced by or for Phillips relating to a lot, including the contents of this catalogue, is and shall remain at all times the property of Phillips and such images and materials may not be used by the buyer or any other party without our prior written consent. Phillips and the seller make no representations or warranties that the buyer of a lot will acquire any copyright or other reproduction rights in it.

## 15 General

(a) These Conditions of Sale, as changed or supplemented as provided in Paragraph 1 above, and Authorship Warranty set out the entire agreement between the parties with respect to the transactions contemplated herein and supersede all prior and contemporaneous written, oral or implied understandings, representations and agreements.

(b) Notices to Phillips shall be in writing and addressed to the department in charge of the sale, quoting the reference number specified at the beginning of the sale catalogue. Notices to clients shall be addressed to the last address notified by them in writing to Phillips.

(c) These Conditions of Sale are not assignable by any buyer without our prior written consent but are binding on the buyer's successors, assigns and representatives.

(d) Should any provision of these Conditions of Sale be held void, invalid or unenforceable for any reason, the remaining provisions shall remain in full force and effect. No failure by any party to exercise, nor any delay in exercising, any right or remedy under these Conditions of Sale shall act as a waiver or release thereof in whole or in part.

## 16 Law and Jurisdiction

(a) The rights and obligations of the parties with respect to these Conditions of Sale and Authorship Warranty, the conduct of the auction and any matters related to any of the foregoing shall be governed by and interpreted in accordance with Hong Kong law.

(b) For the benefit of Phillips, all bidders and sellers agree that the courts of Hong Kong are to have exclusive jurisdiction to settle all disputes arising in connection with all aspects of all matters or transactions to which these Conditions of Sale and Authorship Warranty relate or apply. All parties agree that Phillips shall retain the right to bring proceedings in any court other than the courts of Hong Kong.

(c) All bidders and sellers irrevocably consent to service of process or any other documents in connection with proceedings in any court by facsimile transmission, personal service, delivery by mail or in any other manner permitted by Hong Kong law, the law of the place of service or the law of the jurisdiction where proceedings are instituted at the last address of the bidder or seller known to Phillips.

## Authorship Warranty

Phillips warrants the authorship of property in this auction catalogue described in headings in **BOLD** or **CAPITALIZED** type for a period of five years from date of sale by Phillips, subject to the exclusions and limitations set forth below and the Important Notices set out in this catalogue immediately following the Guide for Prospective Buyers.

(a) Phillips gives this Authorship Warranty only to the original buyer of record (i.e., the registered successful bidder) of any lot. This Authorship Warranty does not extend to (i) subsequent owners of the property, including purchasers or recipients by way of gift from the original buyer, heirs, successors, beneficiaries and assigns; (ii) property where the description in the catalogue states that there is a conflict of opinion on the authorship of the property; (iii) property where our attribution of authorship was on the date of sale consistent with the generally accepted opinions of specialists, scholars or other experts; (iv) property whose description or dating is proved inaccurate by means of scientific methods or tests not generally accepted for use at the time of the publication of the catalogue or which were at such time deemed unreasonably expensive or impractical to use or likely in our reasonable opinion to have caused damage or loss in value to the lot; or (v) property where there has been no material loss in value from the value of the lot had it been as described in the heading of the catalogue entry.

(b) In any claim for breach of the Authorship Warranty, Phillips reserves the right, as a condition to rescinding any sale under this warranty, to require the buyer to provide to us at the buyer's expense the written opinions of two recognized experts approved in advance by Phillips. We shall not be bound by any expert report produced by the buyer and reserve the right to consult our own experts at our expense. If Phillips agrees to rescind a sale under the Authorship Warranty, we shall refund to the buyer the reasonable costs charged by the experts commissioned by the buyer and approved in advance by us.

(c) Subject to the exclusions set forth in subparagraph (a) above, the buyer may bring a claim for breach of the Authorship Warranty provided that (i) he or she has notified Phillips in writing within three months of receiving any information which causes the buyer to question the authorship of the lot, specifying the auction in which the property was included, the lot number in the auction catalogue and the reasons why the authorship of the lot is being questioned and (ii) the buyer returns the lot to Phillips to the salesroom in which it was purchased in the same condition as at the time of its auction and is able to transfer good and marketable title in the lot free from any third party claim arising after the date of the auction. Phillips has discretion to waive any of the foregoing requirements set forth in this subparagraph (c) or subparagraph (b) above.

(d) The buyer understands and agrees that the exclusive remedy for any breach of the Authorship Warranty shall be rescission of the sale and refund of the original Purchase Price paid. This remedy shall constitute the sole remedy and recourse of the buyer against Phillips, any of our affiliated companies and the seller and is in lieu of any other remedy available as a matter of law or equity. This means that none of Phillips, any of our affiliated companies or the seller shall be liable for loss or damage beyond the remedy expressly provided in this Authorship Warranty, whether such loss or damage is characterized as direct, indirect, special, incidental or consequential, or for the payment of interest on the original Purchase Price.

- If you cannot attend the sale, we can execute bids confidentially on your behalf.
- Phillips charges the successful bidder a commission, or buyer's premium, on the hammer price of each lot sold. The buyer's premium is payable by the buyer as part of the total purchase price at the following rates: 25% of the hammer price up to and including HK\$1,600,000, 20% of the portion of the hammer price above HK\$1,600,000 up to and including HK\$22,500,000 and 12% of the portion of the hammer price above HK\$22,500,000.
- "Buy" or unlimited bids will not be accepted. Alternative bids can be placed by using the word "OR" between lot numbers.
- For absentee bids, indicate your maximum limit for each lot, excluding the buyer's premium and any applicable VAT. Your bid will be executed at the lowest price taking into account the reserve and other bidders. On no reserve lots, in the absence of other bids, your bid will be executed at approximately 50% of the low pre-sale estimate or at the amount specified, if less than 50% of the low estimate.
- Your bid must be submitted in the currency of the sale and will be rounded down to the nearest amount consistent with the auctioneer's bidding increments.
- If we receive identical bids, the first bid received will take precedence.

While we will exercise reasonable care in undertaking such activity, we cannot accept liability for errors relating to execution of your bids except in cases of wilful misconduct. - Payment for lots can be made by credit card (up to HK\$800,000) or by wire transfer. Please note that credit cards are subject to a surcharge.

準買家指引

拍賣現場購買

以下指引有助閣下了解如何在富藝斯拍賣會上購買拍品，本公司職員將竭誠為您服務。

業務規定

拍賣會乃根據圖錄末段所載之業務規定及著作保證而運作。競投者請務必細閱業務規定及著作保證以了解本公司與賣家及買家之間的法律關係；以及於拍賣會上購買之條款。富藝斯在一般情況下為賣家之代理人。競投者亦應細閱列印於本準買家指引後的重要通告。

買家支付之酬金

本公司會按每件拍品成交價向競投成功者收取佣金或買家支付之酬金。買家應支付酬金費率為：拍賣品成交價首港幣1,600,000 元之25%，加逾港幣1,600,000 元以上至港幣22,500,000元部份之20%；加逾港幣22,500,000元之餘款之12%計算。

買家須就每件拍品支付其成交價、買家支付之酬金及任何適用之稅項及費用。

1 拍賣前

訂購圖錄

如欲購買是次或其他富藝斯拍賣圖錄，請致電 + 852-23182000, +41 22317 8181, +44 20 73184010 , +1 212 940 1240 聯絡我們。

拍賣前估價

拍賣前估價用意為提供指引予準買家。本公司認為任何介乎於高至低估價範圍之間的競投價皆有成功機會。然而，拍品亦有可能在低於或高於拍賣前估價拍出。如欲對標示為「估價待詢」之拍賣品了解更多，請與專家部門聯繫。由於估價可予修改，因此閣下可於臨近拍賣前聯絡我們。拍賣前估價並不包括買家支付之酬金或其他適用稅項。

拍賣前估價以美元及歐元為單位

本拍賣會將以港元為競投貨幣，但載於拍賣圖錄內的拍賣前估價除以港元為單位外，亦或會用美元及或歐元。由於圖錄中的貨幣兌換率是根據圖錄付印時而非拍賣當日的兌換率而訂，因此美元或歐元的拍賣前估價只供參考用。

圖錄編列

富藝斯或會在圖錄內刊印有關拍品之出處及過往展覽、引述於藝術刊物之紀錄。儘管我們以審慎的態度進行編列，但拍賣品的出處、展覽及文獻或未能詳盡；及在某些情況下我們或會有意地不揭露物主身份。請注意所有陳述於圖錄內拍賣品之量度均為約數。

拍賣品之狀況

本公司之圖錄只會在多件型作品 (例如印刷品) 的描述中提到狀況事宜。但該些狀況資料並不等於狀況之完整說明。未有提及此等狀況資料亦不表示拍品全無缺陷或瑕疵。品狀報告乃富藝斯為方便買家提供的一項服務。我們的專家以物品估價相應的方式評估及撰寫品狀報告。雖然我們以真誠及謹慎的態度撰寫品狀報告，惟本公司職員並非專業修復者。故我們建議所有準買家應親臨拍賣前展覽並親自檢查拍品；特別是估價較高的拍品，我們建議閣下保留您的專業修復者或顧問對拍賣品於競投前的狀況所作的報告。另外，品狀報告並不等於狀況之完整說明及或未能具體說明所有瑕疵。沒有品狀報告或未有於圖錄內提述有關損毀說明並不表示拍賣品狀況良好、能正常運轉或無修補或維修。

拍賣前預展

拍賣前預展乃免費並對外公開，我們的專家可於預展或預約時提供意見及品狀報告。

保證金

如欲競投標有\*記號之拍賣品 (高額拍賣品)，富藝斯或要求閣下交付港幣2,000,000 元或其他由富藝斯決定之更大金額的保證金及任何財務狀況證明，擔保及/或其他由富藝斯可全權酌情決定要求的抵押作為參加富藝斯競投的保障。富藝斯亦會要求閣下於該高額拍賣品拍賣日前完成高額拍賣品預先登記。當我們確認收到保證金及已填妥之預先登記表格後，閣下將獲發高額拍賣品競投牌以資識別。拍賣官一般只接受以高額拍賣品競投牌或其登記競投人士作出之競投。此亦適用於拍賣現場、電話及書面競投。閣下可以電匯或富藝斯可接受之信用卡繳付保證金。如閣下未有成功競投高額拍賣品，於富藝斯或我們任何附屬公司亦無任何欠款，保證金將以電匯(與閣下繳付保證金時相同之貨幣)或信用卡退還，視乎個別情形，本公司將安排於拍賣日期後7天內安排退還保證金。

符號圖例

圖錄內提述有關以下符號之意思

○◆保證項目

拍賣品標有○符號代表該賣家獲富藝斯承擔保證最低出售價。若保證由第三方提供或與本公司共同提供，該拍賣品將標有○◆。若第三方在拍賣品中持有全部或部分財政權益，該方亦會承擔全部或部分拍品不被賣出的風險並獲得相應之報酬。補償金可為一固定費用、成交價或買家支付之酬金的一定比例或由上述的組合而成。第三方可於拍賣時競投已獲保證之拍賣品。若該方競投成功，報酬將於最終購買價中抵銷。若拍賣品未有賣出，第三方則可能產生虧損。

△富藝斯擁有業權權益之拍賣品

拍賣品標有△符號代表富藝斯擁有該拍賣品之全部或部分業權，或在拍賣品中擁有相等於業權權益之經濟利益。

●無底價

除非標有●符號，否則所有本圖錄內所載之拍賣品均有底價。底價是由富藝斯和賣家共同訂立且機密之價格。拍賣品不會以低於該價售出。每件拍賣品的底價一般以低估價之一定比例來定，並且不會高於拍賣前低估價。

Σ瀕危物種

標有此符號的拍賣品表示在編列圖錄時該拍賣品已確定含有瀕危或其他受保護野生動物物種並可能受到就有關出口或入口之限制及可能需要出口及入口許可證。詳情請參閱準買家指引第4段及業務規定第11段。

\*高額拍賣品

標有此符號的拍賣品其拍賣前低估價為港幣8百萬或以上均被富藝斯列為高額拍賣品。如欲競投高額拍賣品，準買家必須填妥預先登記表格及繳付高額拍賣品保證金，詳情請參閱準買家指引第1段。

▼限制進口

標有此符號的拍賣品或受美國入口限制。詳情請參閱列印於此準買家指引後的重要通告。

2 拍賣競投

於拍賣會上競投

競投可於拍賣會上由個人親臨舉競投牌進行，亦可透過電話、網上進行競投或在拍賣前以書面形式參加。請提供政府發出的身份證明文件及原有簽名。我們或需要閣下提供銀行證明。

親身競投

親身競投之人士須於拍賣會開始前登記及領取競投牌。我們建議新客戶於拍賣舉行前至少48小時辦理登記，以便有充足時間處理閣下之資料。所有售出之拍賣品發票抬頭人均為登記競投牌之人士及其地址，並不得轉讓至他人及其他地址。請勿遺失競投牌，如有遺失請立即通知富藝斯職員。拍賣完結時，請將競投牌交回登記處。

電話競投

如閣下未能出席拍賣會，您可透過電話與本公司通曉多國語言之職員進行實時競投。此服務須於拍賣會開始前至少24小時安排，及只適用於拍賣前低估價為港幣8,000元以上之拍品。電話競投將可被錄音。以電話競投即代表閣下同意其對話將被錄音。我們建議閣下表明最高競投價(不包括買家支付之酬金)以便我們在無法以電話聯絡閣下時代您競投。如欲安排電話競投，請致電香港投標部+852-2318 2029。

網上競投

如閣下未能親自出席拍賣會，您可透過我們於網站www.phillips.com內的實時競投平台進行網上競投。我們建議使用Google Chrome、Firefox、Opera及Internet Explorer執行網上拍賣。閣下如欲以Safari運行網上拍賣需先行安裝Adobe Flash Player。於網站內按「拍賣」、「實時拍賣」然後「實時競投登記」以作預先登記。第一次登記時需先建立帳戶，此後只需登記個別拍賣即可。閣下須於拍賣前至少24小時作網上預先登記以便投標部確認。請注意網上競投者或會因企業防火牆而未能競投。

書面競投

如閣下未能出席拍賣會及參與電話競投，富藝斯樂意代表閣下進行書面競投。本圖錄未附有競投表格。此服務乃免費並且保密。投標價必須是以拍賣會當地的貨幣為單位。本公司之職員將參考底價及其他競投價，盡力以最低價進行競投。請標明最高競投價(不包括買家支付之酬金)。無限價競投標將不獲接納。所有書面競投須於拍賣24小時前收到。倘本公司就同一項拍賣品收到相同之競價，則最先收到之競價會獲優先辦理。

僱員競投

富藝斯及其附屬公司之僱員，包括拍賣官只可在不知底價及全面遵守本公司的僱員競投內部規例之情況下進行書面競投。

競投價遞增幅度

競投一般由低於最低估價開始，通常每次喊價之遞增幅度最高為10%，拍賣官亦可於拍賣時自行決定更改每次喊價增加之額度。書面競投價若與下列之遞增幅度不一致，將被調低至下一個喊價幅度。

競投價	每次喊價之遞增金額
1,000-2,000 港元	100港元
2,000-3,000港元	200港元
3,000-5,000港元	200, 500, 800 港元 (例 4,200, 4,500, 4,800港元)
5,000-10,000港元	500港元
10,000-20,000港元	1,000港元
20,000-30,000港元	2,000港元
30,000-50,000港元	2,000, 5,000, 8,000港元 (例 32,000, 35,000, 38,000港元)
50,000-100,000港元	5,000港元
100,000-200,000港元	10,000港元
200,000-300,000港元	20,000港元
300,000-500,000港元	20,000, 50,000, 80,000港元 (例 320,000, 350,000, 380,000港元)
500,000-1,000,000港元	50,000港元
1,000,000港元或以上	拍賣官自行決定

在拍賣時拍賣官可酌情更改每次增加之額度。

3 拍賣

如上述，拍賣會受業務規定及保險書所規限，所有準買家應仔細閱讀。該等業務規定及保證書可經在拍賣會場張貼通告或由拍賣官作出公佈之方式進行修改。

有利害關係的各方公佈

在某些情況下對拍賣品有直接或間接利害關係的一方可能對拍賣品作出競投，如出售拍賣品之遺產之受益人或執行者；拍賣品之聯權共有人或提供或參與保證的一方，富藝斯將會於拍賣廳內公佈有利害關係的各方可能對拍賣品作出競投。

接連投標及競投；無底價拍賣品

拍賣官可代表賣家為任何拍賣品叫第一口價以開始競投。拍賣官更可代表賣家以接連投標或競投之方式，就拍賣品作出競投直至達到底價。就不設底價的拍賣品，除非已有競投，否則拍賣官一般會以拍品的拍賣前低估價的50%開始拍賣。若在此價格下並無投標，拍賣官會自行斟酌將價格下降繼續拍賣，直至有客戶開始競投，然後再由該投標價向上繼續拍賣在沒有更高叫價的情況下，以書面投標競投無底價拍賣品會以拍賣前低估價大約50%成交。但若該投標價低於拍賣前低估價的50%，則以該投標價成交。如果無底價拍賣品沒有任何叫價，拍賣官會自行決定該拍賣品為流拍。

4 拍賣後

付款

除非與富藝斯於拍賣前已達成書面安排，否則買家須於拍賣後即時以港元付款。閣下可依照業務規定第6段所述以電匯方式付款。現金及支票恕不接納。

信用卡

為方便客戶，富藝斯可接受以信用卡支付不多於港幣80萬元的付款。使用信用卡將會被收取附加費。如欲了解更多以信用卡付款詳情，請聯絡客戶服務部+852 2318 2000。

提取

提取拍賣品時請出示身份證明。富藝斯收到全數結清之貨款及確認買家在本公司及其附屬公司沒有欠款後，會將拍賣品交予買家或買家授權之代表。拍賣後所有拍品會被轉移至本公司的辦公室，地址為香港中環置地廣場約克大廈13樓1301室。

損失或損壞

買家請注意富藝斯對拍賣品損失或損壞之責任期限最多為拍賣後七天。

運輸及付運

作為一項予買家的免費服務，富藝斯只可包裝拍品作手提用。我們並不會直接提供包裝、處理及付運服務。但我們可依據閣下之指示與付運代理協調以促成閣下於本公司購買貨物之包裝、處理及付運。詳情請參閱業務規定第7段。

出口及入口許可證

在競投任何拍賣品前，我們建議準買家對拍賣品先作獨立調查以確定是否需要以許可證出口香港或進入其他國家。買家須遵守所有入口及出口之法律及應取得有關的出口或入口許可證。不獲發任何所需之許可證或執照並不構成取消買賣或延遲繳付全數貨款的充分理由。

瀕危物種

由植物或動物材料如珊瑚、鱷魚、象牙、鯨骨、巴西玫瑰木、犀牛角或玳瑁殼，不論其年份、百分比率或價值，均可能須申領許可證或證書方可入口至美國或其他歐盟以內或外的國家。請注意能取得出口許可證或證書並不能確保可在另一國家取得進口許可證或證書，反之亦然。我們建議準買家在競投前向相關政府查核有關野生動植物進口之規定後再參與競投。買家須負上所有責任取得任何所需出口或進口許可證或證書，以及任何其他所需文件。請注意美國禁止入口任何含有非洲象牙的產品。亞洲象的象牙可被進口到美國，而該進口必須附有獨立科學分析報告以證明有關物品的起源地及確認物品的年期已超過一百年。我們在銷售任何藏品前，均無對藏品進行科學分析，所以無法確認相關藏品的象牙是來自亞洲及非洲。買家凡購買有關藏品並計畫將有關藏品進口美國，必須承擔風險並負責支付任何科學分析報告或其他報告的費用。

有關任何含有象牙以外的瀕危物種藏品，進口者須提供證明文件鑑定物種及藏品之年期以顯示該藏品為古董。買家須進行獨立評估以認證藏品上之瀕危物種物料及認證藏品之年期為不少於一百年。如欲計劃入口藏品到美國的準買家不應依靠富藝斯編列於圖錄內藏品上的瀕危物種物料或藏品之年期及必須諮詢具有專業資格的獨立鑑定者後再參與競投。

請注意我們為方便客戶而在含有可能受管制植物或動物物料的拍賣品上附加標記，但附加標記時如有任何錯誤或遺漏，富藝斯恕不承擔任何責任。

重要通告

狀況  
富藝斯對於任何鐘錶之正常運作均不作任何陳述或保證，及圖錄內任何拍賣品之描述不應理解為聲明。準買家應於使用前請專業鐘錶匠或鐘錶修復者先行檢查鐘錶。為方便準買家，我們或會於圖錄編列時提供鐘錶狀況之描述，包括缺陷及維修說明及提供品狀報告。但品狀報告並不等於狀況之完整說明及或未能具體說明所有機械的更換、修復或缺陷。請留意富藝斯不保證任何組件之原廠真品，如鐘錶輪、錶針、錶冠、晶體、螺釘、手鐲及皮革錶帶，因之前的修復或導致更換原裝配件。富藝斯亦不保證防水錶殼的手錶目前仍為防水。準買家應於拍賣前檢查所有鐘錶以評估拍賣品之狀況。

出口含有瀕危物種物料錶帶  
部分於圖錄內的手錶的錶帶或由瀕危或受保護動物物料所造，如鱷魚皮或鱷魚，及在沒有CITES出口許可證下不能合法地從拍賣當地出口。如準買家指引第1及4段所說明，該些拍賣品於圖錄中附有Σ符號。同樣地，如欲將手錶付運離開拍賣當地，富藝斯或需在付運手錶及手錶卸前先將錶帶拆除及保留。

真品證書  
某些製造商並不會發出真品證書，除非於圖錄中特別列明，否則富藝斯並沒有義務向買家提供由製造商所發的真品證書。除非富藝斯根據業務規定之保證書同意取消，否則製造商未能發出證書並非取消買賣之充分理由。

高額拍賣品  
所有準買家如欲競投任何高額拍賣品(標有\*記號之拍賣品)必須完成高額拍賣品預先登記及交付港幣2,000,000元或其他由富藝斯決定之更大金額的保證金。詳情請聯絡客戶服務部+852 2318 2000。

業務規定

準競投者與買家以及富藝斯與賣家的關係受下面闡述之業務規定及著作保證所規限。所有準買家須於參與競投前小心細閱業務規定，於準買家指引後的重要通告及著作保證。

1 序言  
圖錄內所列拍賣品之銷售及售出均根據(a)業務規定及著作保證;(b)圖錄其他地方所載之任何附加通知條款，包括準買家指引及重要通告及(c)補充本圖錄或其他富藝斯張貼於拍賣廳內之書面資料，或由拍賣官於拍賣前作出公佈之方式進行修改。透過於拍賣中競投，不論以親身、經代理人、以書面競投，以電話或其他方式競投，競投者和買家均同意接受並遵守經改變或補充的業務規定及著作保證。該些經改變或補充的業務規定及著作保證包括富藝斯及賣家與買家合約成立之條款。

2 富藝斯作為代理人  
除非於本圖錄中或於拍賣時另有說明，否則富藝斯作為賣家的代理人。在個別情況下富藝斯可能擁有拍賣品，在該情況下以委託人之身份作為賣家行事；或富藝斯其附屬公司可能擁有拍賣品，在該情況下則作為該公司的代理人，或富藝斯或其附屬公司可能以抵押債權人或其他身份擁有拍賣品之法律、實益或財務利益。

3 圖錄說明及拍賣品狀況  
拍賣品均受著作保證所限制出售，如圖錄所述(除非該說明如上面第1段所述被修改或補充) 及依據以下基礎陳述拍賣品於拍賣時的狀況。

(a) 富藝斯對各拍賣品之認識部份依賴賣家向其提供之資料，且富藝斯無法及不會就各拍賣品進行全面盡職審查。準買家知悉此事，並承擔進行檢查及檢驗之責任，以使滿意彼等可能感興趣之拍賣品。儘管如前所述，富藝斯在圖錄描述或品狀報告作出之明示聲明，應以有關拍賣中有關拍賣品之拍賣官身份相符之合理審慎態度作出；以及基於(i)賣家向其提供之資料；(ii)學術及技術知識；及(iii)相關專家普遍接納之意見作出之明示聲明，在各情況下應以合理審慎態度作出明示。

(b) 富藝斯提呈拍賣時出售之各拍賣品於拍賣前可供準買家檢查。在競投人(鑑於有關拍賣品之性質及價值及競投人之專業知識而屬合適者，以及代表彼等之獨立專家)已當作在投標前全面檢驗拍賣品，並滿意拍賣品之狀況及其描述之準確性，富藝斯會接受競投人對拍賣品之投標。

(c) 準買家確認眾多拍賣品年代久遠及種類特殊，意味拍賣品並非完好無缺。為方便準買家，富藝斯或會準備及提供品狀報告以方便準買家檢查拍賣品用。圖錄描述及品狀報告在若干情況下可用作拍賣品某些瑕疵之參考，但競投人應注意，拍賣品可能存在其他在圖錄或品狀報告內並無明確呈現視出之瑕疵。所有量度皆為約數。解說只供鑑定用途，將不能當作為拍賣品尺寸之精確量度或真實狀況之全部資料。

(d) 提供予準買家有關於任何拍賣品之資料包括任何拍賣前預測(無論為書面或口述)及包括任何圖錄所載之資料、規則及其他報告、評論或估值，該等資料並非事實之陳述，而是富藝斯所持有之意見之聲明，故不應依賴任何拍賣前預測作為拍賣品售價或價值之預測，且該等資料可由富藝斯不時全權酌情決定修改。富藝斯及並附屬公司皆不會為任何拍品拍賣前估價與於拍賣或轉售所達之實際價錢之間的差距負上任何責任。

4 拍賣會上競投出價  
(a) 富藝斯可全權酌情決定拒絕進入拍賣場地或參與拍賣。所有競投者需於競投前登記競投牌，並提供富藝斯所需資料及參考。

(b) 為方便未能親身出席拍賣的競投者，富藝斯或根據競投者之指示代其進行書面競投。書面競投者須遞交”書面競投表格”，此表格列印於圖錄末部或可向富藝斯索取。投標價必須是以拍賣會當地的貨幣為單位。競投者需清楚標明最高之投標價(不包括買家支付之酬金)。拍賣官將不會接受任何沒有標明最高投標價之書面競投。本公司之人員將參考底價及其他競投價，盡力以最低價進行競投。所有書面競投須於拍賣前24小時收到。倘本公司就同一項拍賣品收到相同之競價，則最先收到之競價會獲優先辦理。

(c) 電話競投者須遞交”電話競投表格”，此表格列印於圖錄末部或可向富藝斯索取。電話競投只適用於拍賣前低估價最少達港幣8000元之拍品。富藝斯保留要求電話競投者以傳真或其他方式儘快於拍賣官接受其競投後以書面確認成功競投之權利。電話競投將可被錄音。以電話競投即代表閣下同意其對話將被錄音。

(d) 競投者可透過富藝斯於網站內www.phillips.com的實時競投平台進行網上競投。競投者須於拍賣前至少24小時作網上預先登記。網上競投須得富藝斯投標部許可及

投標部有酌情權。如上述第3段, 富藝斯建議網上競投者於拍賣前檢視有興趣競投之拍賣品, 及可要求索取品狀報告。拍賣中競投速度或會很迅速。為確保網上競投者與現場或電話競投者競投時不處於劣勢, 透過富藝斯網上競投平台競投為單一步驟過程。透過按下電腦屏幕上的競投鍵, 競投者即遞交一投標價。網上競投者確認及同意遞交之投標價為已確實及任何情況下或不能修改或退回。於拍賣進行中時, 當有非網上投標出現時, 該些投標會於網上競投者的電腦屏幕上顯示為“現場”投標。“現場”投標包括拍賣官為保障底價的投標。倘就同一項拍賣品收到網上競投者及一“現場”或“電話”競投者相同之競價, 則拍賣官有權自行決定“現場”投標會獲優先辦理。為方便網上競投者競投, 下一喊價顯示於投標鍵上, 網上競投者之競投價遞增幅度或會與拍賣官實際上下一喊價有所不同。因拍賣官在任何時候可自行決定或會偏離富藝斯之標準遞增幅度, 但網上競投者或只可以完整之下一喊價投標。富藝斯之標準競投價遞增幅度載於準買家指引。

(e) 不論以親身、書面競投、電話競投或網上方式競投, 當競投時即代表競投者接受承擔繳付購買價及所有其他適用費用之責任, 詳情如以下第6(a)段所述, 除非於拍賣開始前已與富藝斯以書面明確約定該競投者為一代理人, 而代表富藝斯接受該已知的第三方及只會向該方收取付款。

(f) 不論以親身、書面競投、電話競投或網上方式參與競投, 即代表各準買家代表及保證其或其代理人之投標均不是任何串通或其他反競爭協議的產生及與聯邦反信任法例一致。

(g) 書面及電話競投是本公司提供予準買家之免費服務, 本公司將盡合理努力代其競投。除了故意瀆職的情況外, 本公司不會對因未能執行書面或電話競投, 或在當中出現之任何失誤或遺漏負任何責任。

(h) 富藝斯及其附屬公司之僱員, 包括拍賣官, 只可在不知底價及全面遵守本公司的僱員競投內部規例之情況下進行書面競投。

#### 5 拍賣規定

(a) 除非標有•符號, 否則所有拍賣品均有底價限制, 底價是一富藝斯與賣家達成協議的保密最低出售價。該底價不會高於拍賣前低估價。

(b) 拍賣官可隨時酌情決定拒絕或接受任何競投, 撤回任何拍賣品, 重新出售拍賣品(包括在落槌後), 以及如遇出錯或爭議時採取其認為是合適之其他行動。富藝斯不會為拍賣官之行動承擔任何責任。如在拍賣後有任何爭議, 將會以本公司的拍賣紀錄為確鑿。拍賣官或會接受富藝斯附屬公司競投者在不知道該拍賣品之底價的情況下之競投。

(c) 拍賣官會以其認為合適之喊價開始及繼續拍賣。為保障所有拍賣品的底價, 拍賣官在不一定表示的情況下, 可代表賣家以接連投標或競投之方式就拍賣品作出競投直至達到底價。就不設底價的拍賣品, 除非已有競投, 否則拍賣官一般會以拍賣品的拍賣前低估價的50%開始拍賣。若在此價格下並無投標, 拍賣官會自行斟酌將價格下降繼續拍賣, 直至有客戶開始競投, 然後再由該投標價向上繼續拍賣。在沒有更高叫價的情況下, 以書面投標競投無底價拍賣品會以拍賣前低估價大約50%成交。但若該投標價低於拍賣前低估價的50%, 則以該投標價成交。如果無底價拍賣品沒有任何叫價, 拍賣官會自行決定該拍賣品為流拍。

(d) 本拍賣會以港元進行拍賣及須以港元繳款。為方便海外客人, 圖錄內之拍賣前估價或會用美元及或歐元, 及會反映大概兌換率。因此, 美元或歐元的估價只供參考用。為方便競投者, 本公司於拍賣會上或使用貨幣兌換顯示板, 富藝斯不會為任何貨幣兌換計算出現錯誤承擔任何責任。

(e) 在拍賣官之酌情下, 其出價最高且被拍賣官接受的競投者將為買家, 下槌則顯示最高競投價之被接受, 亦表示賣家與買家之間的拍賣合約之訂立。拍賣品之風險及責任將如載於以下第7段轉移到買家。

(f) 如拍賣品沒有售出, 拍賣官會宣佈該拍賣品為“流拍”, “撤回”, “送回賣家”。

(g) 任何於拍賣會後的拍品買賣均受業務規定及著作保證所限制, 如同拍品於拍賣會中出售。

#### 6 購買價及付款

(a) 買家同意支付本公司每件拍賣品之成交價, 買家應支付本公司酬金及所有適用稅項及費用。買家應支付酬金費率為: 拍賣品成交價首港幣1,600,000元之25%, 加逾港幣1,600,000元以上至港幣22,500,000元部份之20%; 加逾港幣22,500,000元之餘款的12%計算。富藝斯保留用酬金支付介紹佣金予一個或多個協助拍品於拍賣會中售出的第三方之權利。

(b) 除非另有協議, 否則買家須於拍賣後立即繳款, 與有任何意圖獲得該拍賣出口或進口許可證或其他執照無關。付款須由發票抬頭人, 以港元及按照發票上之詳細銀行資料以電匯方式支付。

(c) 為方便客戶, 富藝斯將接受以美國運通卡, Visa及萬事達卡繳付最多港幣80萬元之發票。使用信用卡將被收取附加費。

(d) 所購拍賣品之擁有權將於富藝斯全數收取後方可轉移。富藝斯概無責任將拍賣品交給買家直至拍賣品之擁有權已轉移, 且已獲提供適當確認而提早交付不會影響擁有權之轉移或買家支付買入價之無條件責任。

#### 7 提取拍賣品

(a) 富藝斯直至確認全數收取及買家於富藝斯或其附屬公司沒有欠款, 包括任何根據以下第8(c)段所述需繳之任何費用; 及我們滿意買家所需其他條款(包括完成反洗黑錢或反恐怖主義之財務審查後, 會將拍賣品交予買家。

(b) 買家須於拍賣後7天內安排提取拍賣品。拍賣後所有拍賣品會被轉移到本公司的辦公室, 地址為香港中環置地廣場約克大廈13樓1301室。已買之拍賣品之風險, 包括投保責任由買家承擔, 由(I) 領取; 或(II) 拍賣會後7天, 以較早日為準。直到風險轉移, 富藝斯將就拍賣品之任何損失或損毀向買家支付賠償, 惟以所付之買入價為最高限額, 並受我們一般損失或損毀拍賣品安排所限制。

(c) 為方便客戶, 富藝斯可在不另收費下, 包裝拍賣品作手提用。我們並不會提供包裝、處理、保險及付運服務。我們可依據買家之指示與付運代理(不論是否由富藝斯所建議) 協調及促成閣下於本公司購買貨物之包裝、處理、保險及付運於富藝斯所購的拍賣品。買家須承擔所有任何指示之風險及責任, 本公司將不會負責或承擔其他的包裝員或運送員之行為及遺漏引致的任何責任。

(d) 富藝斯在將拍賣品交予買家或買家之授權於代表前, 要求出示政府發出之身份證明。

#### 8 未提取拍品

(a) 倘買家支付全數但未有於拍賣會後30天內提取拍賣品, 買家將會被收取逾期提取費用。每年未提取的拍品費用為每天港幣80元。我們在全數收到該些費用後方會將拍賣品交予買家。

(b) 倘已繳付拍品, 但未於拍賣會後6個月內提取該拍品, 則買家授權富藝斯(經通知後) 安排以拍賣或私人出售以重售該物品, 而估價及底價將由富藝斯酌情決定。除非買家在該拍賣會後兩年內收取該出售之所得款項扣除存倉費及任何其他買家欠富藝斯或其附屬公司之所有費用, 否則該筆款項將被沒收。

#### 9 欠繳款之補償方法

(a) 在不影響賣家可能擁有之任何權利之情況下, 倘買家在未預先協定之情況下未能在拍賣會後7天內悉數繳付拍賣品購入價, 富藝斯可全權決定行使以下一項或多項補救方法: (I) 將拍賣品貯存在其處所或其他地方, 風險及費用完全由買家承擔; (II) 取消該拍賣品之銷售, 保留購入價任何部分繳款作為違約金; (III) 拒絕買家未來作出之競投或使其就未來之競投須支付保證金; (IV) 收取由到期日至悉數收取買入價當日期間按每年12%之利率計算之利息; (V) 對買家由富藝斯所管有之任何物品行使留置權及指示富藝斯附屬公司對其管有買家之任何物品行使留置權。在知會買家後, 並在發出該通知之30天後可安排出售該物品, 以及將所得款項用以支付結欠富藝斯或其附屬公司扣除本公司標準賣家佣金, 所有其他有關費用及任何適用稅項; (VI) 以拍賣或私人出售重售該拍賣品, 而估價及底價將由富藝斯合理地酌情決定。倘該重售之價格低於該拍賣品之成交價及買家應支持之酬金, 買家將仍須承擔該差額, 連同該重售產生之所有費用。 (VII) 展開法律訴訟, 以收回該拍賣品之成交價及買家應支持之酬金, 連同利息及該訴訟之費用; (VIII) 以富藝斯或其附屬公司結欠買家之任何金額抵消買家就拍賣品結欠富藝斯之任何金額; (IX) 向賣家透露買家之名稱及地址, 使賣家可展開法律訴訟, 以收回欠款及申索法律費用; 或(X) 採取本公司認為適當及需要之任何行動。

(b) 在收到富藝斯附屬公司通知買家未能付款後, 即買家不可撤銷授權富藝斯對買家所管有之任何物品行使留置權。富藝斯會通知買家有關行使留置權。在收到富藝斯附屬公司通知買家未能付款後, 買家亦不可撤銷授權富藝斯 抵押買家被管有的物品以支持任何欠款。如買家之物品被送往有關公司進行抵押, 富藝斯將會告知買家。

(c) 如買家未能繳付款項, 買家不可撤銷已授權富藝斯指示其附屬公司將買家被管有的物品以買家代理人之身份交予富藝斯指定的第三方作購入價及任何其他欠款之典當或抵押。此項安排將於以書面通知買家後不少於30天進行, 出售物品以所獲得的出售金額(扣除出售之標準賣家佣金及其他有關費用及任何適用稅項) 支付富藝斯或其附屬公司。

## 10 決定撤銷

富藝斯有權撤銷拍賣及沒有義務通知買家。如本公司有理由相信賣家與著作保證之間涉及違約或有第三方欲以不良意圖索償。當富藝斯決定撤銷拍賣及通知買家後，買家應儘快將拍賣品退回富藝斯，而本公司會退還我們所收的購入價。如以下第13段所述，退還款項應為買家唯一的補償及向富藝斯與賣家對手段撤銷拍賣的追索。

## 11 出口、入口及瀕危物種許可證及執照

在競投任何拍賣品前，準買家應對拍賣品先作獨立調查以確定是否需要以許可證出口香港或進入其他國家。準買家應注意某些國家禁止入口含有由植物或動物材料如珊瑚、鱷魚、象牙、鯨骨、巴西玫瑰木、犀牛角或玳瑁殼的物品，不論其年份、百分比率或價值。同樣，在競投任何拍賣品前，準買家如欲將購得之拍賣品出口亦應查核並了解有關國家之出口及入口限制。請注意我們為方便客戶而在含有有可能受管制植物或動物材料的拍賣品上附加標記，但附加標記時如有任何錯誤或遺漏，富藝斯恕不承擔任何責任。

有關任何含有象牙以外的瀕危物種藏品，進口者須提供證明文件鑑定物種及藏品之年期以顯示該藏品為古董。買家須進行獨立評估以認證藏品上之瀕危物種物料及認證藏品之年期為不少於一百年。如欲計畫入口藏品到美國的準買家不應依靠富藝斯編列於圖錄內藏品上的瀕危物種物料或藏品之年期及必須諮詢具有專業資格的獨立鑑定者後再參與競投。

買家須承擔責任及遵守所有入口及出口之法例及應取得所需的出口、入口及瀕危物種的許可證及執照。不獲發或延遲獲發任何所需之許可證或執照並非取消銷售或延遲繳付全數貨款之充分理由。請注意我們為方便客戶而在含有有可能受管制植物或動物材料的拍賣品上附加標記，但附加標記時如有任何錯誤或遺漏，富藝斯恕不承擔任何責任。

(c) 富藝斯範圍內可能進行錄像監控。電話對話如電話競投亦有可能被錄音，本公司會根據隱私政策處理該資料。

## 13 法律責任限制

(a) 根據以下(e)段，富藝斯、其附屬公司之所有法律責任及賣家與買家在拍賣品銷售關係乃受買家實際所付的購入價限制。

(b) 除非在此第13段所提及，富藝斯、其附屬公司或賣家均無須(I) 負上任何錯誤或遺漏之責任，不論是以口述或書面，富藝斯或其附屬公司提供予準買家之資訊或(II) 富藝斯或其附屬公司在有關於拍賣行為或對任何其他有關拍賣品銷售因處理或遺漏，不論疏忽或其他原因而對任何競投者承擔。

(c) 除著作保證以外的保證，明示或暗示，包括品質滿意和適用性保證，均被富藝斯，其附屬公司或賣家在法律允許的最大範圍內所排除。

(d) 根據以下(e)段，富藝斯，其附屬公司或賣家均無須對於上段(○)提及買家除退款外之任何損失或損害負責。不論該損失或損害為直接、間接、特別、附帶的或後果，或在法律允許的最大範圍內用以支持購入價之利息。

(e) 在業務規定沒有規管的應被視為排除或限制富藝斯或其附屬公司對買家負上因我們之疏忽對死亡或受傷所造成的任何欺詐或虛假陳述的責任。

## 14 版權

所有由富藝斯或為富藝斯在圖錄中與拍賣品有關之製作的一切形象，圖標與書面材料之版權，無論何時均屬富藝斯財產。未經本公司事先書面同意，買家或任何人均不得使用。富藝斯及賣家均沒有陳述或保證買家就投得的拍賣品取得任何拍賣品或其他複製的權利。

## 15 一般資料

(a) 該此業務規定(於上述第1段所改變或補充)及保證造成各方對交易之預期及取代所有之前及當時的書面、口頭或暗示之理解、說明和協議。

(b) 給予富藝斯之通知應以書面形式發出，註明拍賣之負責部門及銷售圖錄開端指定之參考號碼。給予富藝斯客戶之通知應以彼等正式通知富藝斯之最新地址為收件地址。

(c) 未經富藝斯書面同意前，任何買家不得轉讓該等業務規定，但對買家之繼承人，承付人及遺產執行人具有約束力。

(d) 倘因任何理由無法執行該等業務規定之任何條文，則餘下條文應仍然具有十足效力及作用。任何一方行使，或沒有延遲行使，在該等業務規定任何權利或補救可作免除或釋放全部或部分。

## 16 法例及司法權

(a) 該等業務規定及保證之權利及義務，及其有關或適用之所有事宜須受香港法律規管並按其詮釋。

(b) 就富藝斯之利益而言，所有競投者及賣家同意香港法院擁有專有司法權，調解所有因與該等業務規定及著作保證有關或適用之所有事宜或交易之各方面而產生之紛爭。各方均同意富藝斯將保留權利在香港法院以外之任何法院提出訴訟。

(c) 所有競投者及賣家不可撤回同意透過傳真，親身，郵寄或香港法例，送達地點之法例或提出訴訟之司法權區之法例允許之其他方式，將有關任何法院訴訟之法律程序文件或任何其他文件送發至買家或賣家知會富藝斯之最新地址。

## 著作保證

富藝斯保證在拍賣日起的5年期間為圖錄內用粗體或大楷標題之物品保證了著作權。保證受以下及本圖錄所載末準買家指引後的重要通告所排除及限制。

(a) 富藝斯對任何拍賣品只給予原來紀錄之買家(即登記成功拍賣之競投人)保證著作權。此保證著作權並不伸延至(i) 物品其後的擁有人, 包括買家或收件人以禮物形式由原來買家, 後代, 繼承人, 受益人及指定人送出; (ii) 圖錄內對物品的描述與物品著作有意見上的矛盾; (iii) 我們於拍賣日歸納著作與專家, 學者或其他專家普遍接納之意見一致; (iv) 能正確地鑒定拍賣品的科學鑒定方法在圖錄編印之不為一般所接受, 或在圖錄載登時, 此方法過份昂貴或不實際或可能損壞拍賣品的情況;或(v) 若根據拍賣品於圖錄之標題, 該拍賣品並無重大喪失任何價值。

(b) 如欲因著作保證而索償, 富藝斯保留其權利, 作為撤銷拍賣之條件, 及要求買家提供兩名為富藝斯及買家雙方接納之特立及行內認可專家之報告, 費用由買家承擔。富藝斯無須受買家出示之任何報告所規限, 並保留權利尋求額外之專家意見, 費用由富藝斯自行承擔。倘富藝斯決定根據本保證取消買賣, 富藝斯或會將經雙方審批之獨立專家報告所需之合理費用退還予買家。

(c) 受上述(a)所說明, 買家或可就著作保證在以下情況下提出伸索(i)買家在收到任何導致買家質疑拍賣品之真偽之資料後3個月內以書面通知富藝斯, 註明購買該拍賣品的拍賣編號, 圖錄內拍賣品編號及被認為是膺品的理由及(ii) 將狀況與銷售予買家當日相同, 並能轉移其妥善所有權且自銷售日期後並無出現任何第三方申索之物品退還予富藝斯。富藝斯有權免去任何以上(c)小段或(b)小段所說明之要求。

(d) 買家明白及同意對違反著作保證之獨有補償為撤銷銷售及退還原來所付之購入價退還款項應為買家唯一及取代其他法律形式的補償及向富藝斯與賣家對撤銷拍賣的追索。這亦代表富藝斯, 其附屬公司或賣家均無須對此著作保證之補償退款外之任何損失或損害負責。不論該損失或損害為直接, 間接, 特別, 附帶的或後果, 或為原有購入價支付利息。

本業務規定及保證, 準買家指引及重要通告, 如有任何詮釋上的問題, 一概以英文版本為準。
